## NEW YORK BETS 2 TO 1 CALDER IS RE-ELECTED

### Senator Will Run Ahead of Ticket.

BY ARTHUR SEARS HENNING  
New York, Oct. 31.—(Special.)—Bar-  
ring a political earthquake in the  
next week, William M. Calder,  
United States senator from New York,  
will be re-elected.

That Calder will run far ahead of  
Miller on the Republican ticket is  
conceded at Republican headquarters,  
while the Democratic managers admit  
that Dr. Royal S. Copeland, the Demo-  
cratic nominee for senator, cannot ex-  
pect to keep step with the popular Al  
Smith of the Democratic ticket.

If Miller wins, Calder will be reflect-  
ed by a large plurality than the gov-  
ernor's. If Smith wins by a narrow  
margin, it may be regarded as a virtual  
certainty that Calder will be found a  
voter also. An Al Smith landslide  
might reasonably be expected to sweep  
Copeland in as Gov. Miller rode the  
Harding landslide into office in 1920.  
At the same time one hears a good deal  
of gossip from Democratic sources to  
the effect that Calder is going to win  
if Smith should sweep the state.

Smith a Terror on Voting Line.  
Al Smith is the terror, and the only  
one, of the Republican party here.  
Wherever he might turn up  
on the Democratic ticket, the Repub-  
licans know long ago that his Repub-  
lican opponent would be up against a  
desperate fight. Had Smith been nomi-  
nated for senator instead of governor,  
Calder would be sweating blood at this  
writing and Miller would be on easy  
street.

Calder served ten years in the house  
and now seeks a second term in the  
senate. He is one of the shrewdest  
politicians in the country and in this  
contest has an organization that is a  
parade of ingenuity and efficiency. He  
has a united Republican party behind  
him and commands considerable sup-  
port from conservative Democrats  
who are not afraid of a protective  
tariff and cannot abide the radicalism  
of Dr. Copeland or his affiliation with  
the Hearst-Hylan wing of the Demo-  
cratic party.

Superficially, therefore, Calder pos-  
sesses a tremendous advantage over his  
opponent, which is reflected in the two  
to one betting on the senatorship gives  
the betting on the governorship gives  
Miller only a shade of 11 to 10. The  
election of a poland under the circum-  
stances would denote a Republican re-  
sult against Calder, if not the Harding  
administration, with the policies of  
which the senator is closely identified  
and which has not manifested itself  
on the surface up to date.

Trained in the Trenches.  
Calder is not classed as a states-  
man, but he rejoices in the distinc-  
tion of being "the best soldierman in  
the United States senate," as an after-  
thought was expressed it. He is the  
Washington grand boy of his con-  
gress and he counts that day lost  
when he has failed to bring home the  
news for one of them. He receives  
the largest mail at the capital and  
numbers at his own expense a host  
of clerks to run minor errands and  
answer letters.

While he voted against the soldier  
bonus bill and to uphold President  
Harding's veto, Mr. Calder stresses the  
fact that he maintains a bureau in  
New York as well as Washington to  
assist government care for disabled  
soldiers and the adjustment of sol-  
dier claims, of which 15,000, he says,  
have been handed up to date. As to  
the bonus, Calder thinks he voted the  
interest of New York. Dr. Copeland  
has come out for the bonus.

## WHEN POLITICS MAKES A NUISANCE OF A WORTHY INSTITUTION

## INTOXICATION, DIVORCE CHARGE OF EDITH GLASS

John Glass, publisher's representative  
with offices in the Wrigley building and  
resident at the Chicago Athletic as-  
sociation, was yesterday made  
defendant in a suit for divorce  
filed in the Superior court by Mrs.  
Edith L. Glass, well known in  
north shore society and noted  
for her philan-  
thropy.

Mrs. Glass' petition for divorce is  
based on the al-  
leged habitual  
drunkenness of  
Glass, which she  
asserts became noticeable soon after  
their marriage in Detroit on Jan. 10,  
1918.

According to the bill, the couple sepa-  
rated on May 15, 1922. Glass, who,  
in addition to the Chicago Athletic as-  
sociation, holds memberships in the  
Onwenta, Casino, and Exmoor clubs,  
is said to be traveling in Europe.

Prior to their separation, the couple  
maintained one of the most beautiful  
summer homes in Highland Park, on  
Corey avenue, and in winter lived  
either at the Blackstone or Drake  
hotel.

During the war Mrs. Glass was one  
of a coterie of society women asso-  
ciated with Mrs. Belmont Tiffany of  
New York in the making of surgical  
dressings. Later she assumed the post  
of instructor of surgical dressings for  
the national Red Cross for the central  
division which included five adjacent  
states, with headquarters in Chicago.

ceived here from Rumania say the  
death list will be large.

## COAL PRICE HERE MAY TAKE DROP

**U. S. Fuel Chief Meets  
Mine Operators.**  
Sharp reductions in the mine prices  
of Illinois and Indiana coal may result  
from a two days' session of conference  
here, concluded yesterday, between op-  
erators of the two states and Conrad  
E. Spens, federal fuel administrator.  
These, of course, would be reflected  
in Chicago retail prices.

Before leaving last night for Colum-  
bus, where he is to meet Ohio op-  
erators today, Mr. Spens said he had re-  
quested the mine owners to advise him  
not later than Friday as to what they  
regard as a "reasonable price." Any fur-  
ther action by the fuel administrator,  
the latter said, will depend upon the  
attitude of the operators.

Mr. Spens repudiated reports that he  
had come here to force down the  
prices of soft coal mined in Illinois and  
Indiana—he said he had come to "in-  
vestigate" them. He also denied he  
had proposed a reduction to \$4 a ton in  
the mine price, which now ranges from  
\$5.50 to \$6. This coal retails in Chi-  
cago for about \$10.50 a ton.

"I asked the operators," said Mr.  
Spens, "whether they would volun-  
teer a reduction in the prices of pre-  
pared coal. Aside from citing the Gar-  
field price, fixed in 1918, plus present  
increased costs of production, I did  
not advance any specific figures."

In Pennsylvania, it was pointed out,  
operators had volunteered a price of  
\$4.50 and \$4.25 in part of Ohio.

What the federal fuel administrator  
will do if the operators' conception of  
"reasonable price" does not meet his  
approval is a matter for conjecture.  
There is conflict of legal opinion as to  
whether he is empowered arbitrarily to  
fix a price, Mr. Spens admitted.

**Can Control Cars.**  
The fact, however, that he has ab-  
solute authority to say in what pro-  
portion cars shall be allocated to the  
various mines is not questioned. This  
power, while not yet yielded as such,  
is potentially, it is generally conceded,  
a club over coal operators, because  
of the acute car shortage.

More than sixty Illinois operators  
and an equal number from Indiana,  
the two groups being interviewed sepa-  
rately, attended the conferences with  
the fuel administrator, meeting at the  
Chicago club.

## MURGUIA, REBEL CHIEF, CAPTURED BY OBREGONISTS

Mexico City, Oct. 31.—(By the Asso-  
ciated Press.)—Gen. Francisco Mur-  
guia, one of the most prominent rebels  
against the Obregon regime, was cap-  
tured this afternoon near Durango  
City by federal troops led by Gen.  
Angel Carranza. This was announced  
tonight at the president's office.

Murguia and a few followers remain-  
ing of the several hundred men who  
crossed the border with him at Mata-  
moros several months ago were behind  
prison bars tonight.

It had not been decided whether to  
hold a court martial at Durango City  
or bring him to the capital for a pos-  
sible public execution.

In the capture of the rebel leader  
President Obregon has removed his  
most persistent and dangerous enemy.

# 100,000 FASCISTI MAKE TRIUMPHAL ENTRY INTO ROME

Greet King with Salute of  
Caesar's Army.

BY V. DE SANTO.  
[Chicago Tribune Foreign News Service.]  
[Copyright, 1922, by The Chicago Tribune.]  
ROME, Oct. 31.—King Victor Emmanuel stood on the balcony of Quirinal palace for three hours today to review the triumphant entry into Rome of 100,000 Fascisti. He answered the Fascisti military salute, which is the same as in Roman imperial times, that is, stretching out the right hand. The parade was the climax of the bloodless revolution which put the Fascisti in control of Italy.

After the parade the Fascisti began leaving for their respective towns on special trains which were started every ten minutes. It is expected that before morning all the out of town Fascisti will have left Rome. They number about 70,000.

May Disband Fascisti Militia.  
Premier Benito Mussolini reviewed the Fascisti at Villa Borghese this morning before the parade began. Then while the whole population was greeting with frantic applause the snappy stepping, black shirted Fascisti, Sig. Mussolini busied himself with affairs of state. He said: "I want all the boys to be demobilized by tonight and to be back at their work tomorrow. We must not lose more time in celebrating but must get down to business."

A close friend of Premier Mussolini told THE TRIBUNE today that it is his intention to demobilize the Fascisti militia for good. He plans to reorganize them as athletic organizations.

Wins Loyalty of Italians.  
Premier Mussolini has been given "carte blanche" in Italy. According to a referendum taken among senators, deputies, and business men, and persons in various provinces, it seems that Italians in general have unlimited confidence in him, are willing to follow his lead, and are determined to support his policy.

Many say that his coming to power will mark an end of the political factions which have interfered with Italy's development for the last three or four years.

Sig. Mussolini won esteem and devotion from millions of Italians yesterday for his quick action. He arrived at Rome at 11 o'clock in the morning. By 3 in the afternoon the members of his cabinet had been chosen. At 5 p. m. the cabinet was received by King Victor Emmanuel. At 7 p. m. it was sworn in. At 11 o'clock last night the new cabinet held its first meeting.

How He Picked Cabinet.  
So in twelve hours, without any ado, Sig. Mussolini did what takes others three or four days to accomplish. He did not speak to the leaders of any political parties while coming by train to Rome from Milan. He just wrote down the names of the colleagues he desired.

When he arrived in Rome he asked his prospective aide: "Do you want to cooperate with me as minister or undersecretary?" If the answer was affirmative he would tell them that he would advise them later as to the task

## ITALY'S MIGRATION DREAM

The Fascisti have announced their colonial policy. The treaty of Rapallo may be modified somewhat. The surplus population may go to Asia Minor, Australia, or South America. The problems of Italians in French Tunisia will be settled. The shaded portions of the map show those lands which the Fascisti propose to populate with Italians.

## PREMIER MUSSOLINI ONCE LEFT ITALY 100 YARDS AHEAD POLICE

GENEVA, Oct. 31.—[By the Associated Press.]—Benito Mussolini, whose spectacular rise to the Italian premiership has excited world wide interest, spent an exciting few years in Switzerland during his youth.

His entrance into this country was dramatic. He was pursued over the frontier at Chiasso by Italian gendarmes who had a warrant for his arrest, but won his race for freedom by a scant hundred yards and the Swiss customs officers refused to surrender him.

Mussolini at that time was about 20 years of age. Penniless, he crossed the St. Gotthard pass on foot and upon his arrival in Lucerne was arrested as a vagabond without visible means of support.

Later he entered the University of Lausanne, but as he was a revolutionary Socialist and wrote many fiery articles for the Swiss and Italian Socialist press he was finally expelled from Switzerland after several police warnings which he refused to heed.

Then he went to Trent, in the old Austrian Tyrol, whence he was also expelled in 1911. Upon the declaration of a general amnesty he left Trent for Milan where he founded the newspaper Popolo Italia.

He aroused the hatred of the Socialists in the conduct of his paper, however, by his campaign in favor of Italy's entrance into the world war on the side of the entente, and later fought with the Italian forces at Monte Nero and Carso where he was severely wounded. He left a number of small debts in this city and at Lausanne which upon his departure he laughingly promised to pay when he should become a member of the Italian government.

for which he thought they were best fitted.

The new premier was at his office before 8 o'clock this morning and a short time later was being fitted with a "hand me down" frock coat and a silk hat, so he could dress for the formal call of his cabinet on the king. He remarked that these were the first formal clothes he had ever owned.

Sends Message to Hughes.  
The premier sent a message today to Secretary of State Hughes, assuring the United States of the desire of the new Italian government to cooperate with America.

## FRANCIS ASKS \$18,000,000 FOR WORK IN 1923

Commissioner of Public Works Charles R. Francis, according to the 1923 budget estimates, asks the city council for permission to spend nearly \$18,000,000 next year.

Among the purchases which Mr. Francis wants to make are the following: \$500,000 worth of trucks and cars; two snow loaders, \$10,000; ten street sweepers, \$150,000; and rubbish dumps to cost \$400,000.

And as for building, Mr. Francis has the following expenditures in mind: Rubbish incinerator, \$150,000; street bureau garage, \$100,000; Roosevelt road viaduct, \$1,552,844; Roosevelt road bridge, \$740,000; Adams street bridge, \$1,150,000; Clark street bridge, \$1,600,000; Van Buren street bridge, \$1,500,000; La Salle street bridge, \$1,500,000; 100th street bridge, \$990,000; river straightening work, \$125,000.

Mr. Francis asks that fifteen new ward superintendents be put on the pay roll so that there will be fifty superintendents to conform to the new political organization of the city.

## WOMAN HELD UP IN VESTIBULE OF HER APARTMENT

Police are searching for the moron who held up and then attempted to attack Mrs. Ida Litwinsky, 45 years old, wife of a linen importer, in the vestibule of her apartment at 5715 Kenmore more avenue. As she descended from her apartment a man lingered in the vestibule, grasped her, and after snatching \$350 worth of jewelry and \$75 in cash, attempted to attack her. Her screams and resistance, however, brought neighbors to her aid and her assailant fled.

FIGURE STUN CAUSES 5000 PERS.  
Fire believed to have been caused by a direct stab thrown in a pile of rubbish against the side of the house of Andrew Johnson, 1831 North Sheddington avenue, yesterday caused a loss of \$500.

# SHIPPING BOARD SUED BY SKIPPER FOR \$1,000,000

Sea Captain Charges Big  
Graft on Vessels.

Capt. E. T. Haagenen, for thirty-four years a master mariner, yesterday filed suit for \$1,000,000 damages against the United States shipping board Emergency Fleet corporation and the Munson Steamship line. In his bill, filed in the United States Circuit court here, Capt. Haagenen alleges that he has been blacklisted as a result of his refusal to participate in a graft conspiracy, through which, he contends, officials of the two defendant companies have collected fortunes.

Capt. Haagenen charges that through a series of alleged persecutions, in which he claims to have been libeled in various ways, the "defendants" did wickedly and maliciously intend to injure the plaintiff and bring him to public scorn and disgrace, and to deprive him of following his chosen profession, that of master of vessels.

When His Troubles Began.  
The captain's troubles began, his bill says, when he was ordered by C. B. Mallory, assistant manager of the Munson Steamship line, to be on the lookout for irregularities and graft during a South American voyage of the steamship Bibbo, of which Capt. Haagenen was in command, in April, 1921.

According to the bill, the Bibbo reached Buenos Aires the latter part of June, 1921, and was met by a Mr. Young of the United States shipping board, "who sent for Capt. Haagenen and requested him to sign a bill for lightage charges amounting to \$7,000 for the last voyage of the Bibbo."

The bill then continues: "The plaintiff further alleges that he consulted the logbook of the ship Bibbo and found no record of any lightage charges."

Told United States Agents.  
Afterwards, the captain says, he spoke to the agents of the Munson line and the United States shipping board at Buenos Aires and "told them about the graft that was being collected and paid out of the taxes of the United States" and charged that at the rate of \$7,000 a graft for one ship at each port the graft on sixty to one hundred ships controlled by the Munson line would soon reach several millions of dollars through the connivance of the agents of the shipping board and the Munson line.

Capt. Haagenen charges that as an indirect result of his efforts to bring the alleged method of graft to the attention of officials, he was tried for incompetency, exonerated, then relieved of his command, but later reinstated.

## EX-CLERK OF CITY HALL TARGET OF WIFE'S CHARGES

While his wife and four small children lived on the charity of friends, landors (Miss Hochstein, city hall politician, and discredited chief clerk to City Prosecutor Piquette, squandered his \$5,000 yearly salary on wine, women, and some, according to a cross-bill for divorce filed yesterday in the Superior court by Mrs. Rose Hochstein. Hochstein, discharged by Prosecutor Piquette after his influence was found to have shielded a moron charged with annoying small girls, recently filed suit for divorce, basing his petition on the alleged desertion of Mrs. Hochstein.

## SEYMOUR & CO., BROKERS, FACE BANKRUPTCY SUIT

An involuntary petition in bankruptcy was filed yesterday against E. H. Seymour & Co., brokers, with offices at 164 W. Jackson boulevard. The petition was filed by Attorney Philip H. Davis, representing Miss Mary Hastings, proprietor of "Miss Hastings' Tea Room." Miss Blanche Wilson, proprietor of the Copper Kettle Tea Room, and W. H. Barts, a plumber, creditors of the alleged defunct organization.

According to Attorney Davis, three officials of the company disappeared from their offices several days ago, taking with them their state charter and all records.

## Illinois Central System Tells About Shortage of Transportation

We are now in one of those periods when the business of the country, including agriculture, suffers severe losses by reason of the shortage of railway transportation—the inability of the railroads to move promptly all of the traffic awaiting shipment.

The Illinois Central System is leaving nothing undone in its efforts to meet the situation. In our October statement we showed that we have this year added to our rolling equipment new cars and locomotives costing a total of more than \$14,000,000. These purchases included sixty-five locomotives. Since that statement was published we have purchased, in addition, seventy-five large freight locomotives, making a total of 140 locomotives purchased this year. However, we are handling the largest traffic in the history of this system, and our patrons doubtless will continue to be inconvenienced by the general shortage of transportation facilities.

The miners' strike, which continued for nearly five months, and the railway shopmen's strike have naturally had an effect upon the present shortage of transportation, but the main cause goes far deeper than those strikes.

What is commonly called the "car shortage" is in reality a shortage of all kinds of railway facilities, including locomotives, freight cars, passing tracks, terminal facilities, etc. For a number of years the rate at which the railroads have been able to increase their facilities has gradually fallen off, while the ton mileage hauled, which represents the public demand for transportation, has been gaining steadily.

In the seven years ended with 1907 the number of locomotives increased 2,500 a year, and the number of freight cars 90,000 a year. In the next seven years the number of locomotives increased only 1,500 a year, and the number of freight cars only 50,000 a year. In the seven years ended with 1921 the number of locomotives increased only 275 a year, and the number of freight cars only 6,000 a year. The increase in the number of locomotives in the seven years ended with 1921 was only one-ninth as great as in the seven years ended with 1907, while the increase in the number of freight cars was only one-fifteenth as great. The decline in the amount and capacity of the equipment provided has been accompanied by a corresponding decline in other facilities. This condition cannot continue without causing frequently recurring losses of a serious nature to the country.

During periods of business depression, when there is a surplus of transportation, the railroads should be most active in enlarging and extending their facilities for future needs, but that has not been possible in the past because business depressions have been accompanied by widespread demands for reduced rates. Such agitations discourage railway managements when questions of recommending extensive and costly improvements are being considered and drive investors away from railway securities. When the confidence of investors in railway securities is fully restored, large expenditures for additions and betterments can be made, and the railroads will then be able to supply all necessary transportation. This is the "railway question" in a nutshell.

What the country needs badly are many leaders among business men, farmers and workers with vision to see that business, including agriculture, must have ample railway service, and with courage to tell the truth about the transportation situation. Upon the attitude of the public toward the railroads will depend whether such crises as the present one are to be avoided in the future.

Constructive criticism and suggestions are invited.

C. H. MARKHAM,  
President, Illinois Central System.

## CARLETON SAYS WIFE CONFESSED LOVE FOR RECTO

Husband Gives Statement  
on Double Tragedy.

Los Angeles, Cal., Oct. 31.—Margaret Carleton who, with the Rev. J. Christler was found shot in the Christler home at Hollywood last Friday, had confessed to the Rev. Mr. Christler for the Rev. Mr. Christler, former of the district court at Hollywood. Carleton made this declaration in a signed statement to Associated Press. The statement read: "I can no longer remain silent face of the startling statement by Mr. Christler that I believe as a result of the investigation I have made of the home early Friday morning after questioning those who knew about that if this woman had been able to work her will on Mr. Christler he would have been able to live today, unfaithful to his wife and still living."

"Goaded Into Statement."  
This attempt to make it appear as if Margaret Carleton had been goaded into this statement and that he tried to contravene with her and lead her into a spiritual path has goaded me into this statement.

I wonder did his reverence know when he made the statement above that this pastor who, it is claimed, maintained only a friendly material interest in the Carletons had written letters to Margaret Carleton, my wife's maiden name, sent them care general delivery? Let it be well understood that I am making this statement I intend to do the slightest reflection or condemnation upon my wife, for no one knows as well as I do the influence which she held over her and which was reasonably termed hypnotic. I have known of Margaret's love for this man for several years and only fair to her to say that she owed it to me. I will not further vent her confidence, but I do want to state unqualifiedly and unreservedly that it is a fact that this preacher has led her to believe that he returned her love."

FAITHFUL AFTER DEATH.  
Mrs. Leonard J. Christler yesterday left Chicago for Waterloo, N. Y., to remain the long journey on which she was accompanying the body of her husband from Havre, Mont., to its burial place.

Although she has not slept since Margaret Carleton, according to the verdict of a coroner's jury, murdered the "bishop of the great outdoors" as she termed him, Mrs. Christler refused to rest.

Since the heart metal casket bearing the body of her husband was loaded on the baggage car of the Orleans limited at Havre, the coffin has been out of her sight.

Remains in the Church.  
Mrs. Christler arrived in Chicago Sunday night. She had remained in the baggage car during the two day journey. She rode in the parlor which carried the casket to St. Chrysostom's Episcopal church, at Dearborn avenue and Goethe streets. The Rev. Norman Patton, pastor of the church, pleaded with her to rest, but she refused. At night and all day yesterday she sat by the coffin.

Yesterday afternoon when the casket

## CATCH ANOTHER SEVERINGHAUS IN INDICTMENT NET

An indictment, charging Milton Severinghaus, close friend of Mayor Thompson and nephew of School Trustee Albert H. Severinghaus, who has been repeatedly indicted, with conspiracy to defraud the board of education, was voted yesterday by the school board special grand jury.

Other developments were the declaration of former State's Attorney John J. Healy to serve as special state's attorney in the school inquiry and consideration by the jurors of Attorney Lesing Rosenthal and ex-Judge P. McGorty for the post.

Basic for the indictment of Severinghaus was found in the jury's scrutiny of printing contracts let by the school board. Milton Severinghaus is owner of the Severinghaus Printing company which gets practically all the Lindin Thompson business.

Contract Through "Dummies."

It was recently brought out that contracts for printing had been let by the school board to dummy concerns, and that the work had been done by the Severinghaus company at excessive cost while the school board's printing plant was kept idle, although fully equipped to do the same work as performed by Severinghaus.

It was charged that the school board had been purposely scammed. Severinghaus might get the business. The jury was informed that experienced and capable officials in charge of printing for the board of education were discharged and their places given to men who knew nothing of printing; one examiner of printing appointed having previously been a phonograph salesman.

In a letter addressed to Chief Justice Michael L. McKinley, Attorney Healy explained that press of personal and professional engagements prevented his acceptance of the offer that carried with it the duty of finishing up the school investigation and prosecution of the forty-five indictments so far voted against school officials and beneficiaries of the Lindin-Thompson contract awarding political machine.

The jurors and Judge McKinley expressed deep disappointment at Mr. Healy's inability to serve. The place vacated by Attorney I. T. Greenacre, who resigned to make way for the appointment of an attorney who would have unlimited power, is to be filled by the best lawyer available, Judge McKinley and the grand jury have stated.

Consider Two Other Lawyers.

It was learned that the jurors had Attorney Rosenthal and McGorty under consideration before they decided upon Healy and that Healy had been chosen because of his excellent record as public prosecutor.

Attorney Rosenthal has been active in civic affairs and served for a time as president of the Municipal Voters' league. McGorty was twice elected

judge of the Circuit court and recently resigned to devote himself to private practice.

A committee of the jury last night waited on State's Attorney Crowe and it is believed suggested to him that he ascertain if either would step in and continue the investigation which is drifting aimlessly since Greenacre's departure.

Two hours were spent vainly by the jurors in seeking to determine how the proffer to Healy became known. They questioned State's Attorney Crowe and made complaint to Judge McKinley that they feared premature publicity had caused Healy to refuse.

Virtus Rohm a Witness.

Among the witnesses questioned yesterday was Virtus Rohm. He was asked about a statement made last week by a reputable business man that Rohm had asked him for a \$500 advance in the Republican under threat of keeping school board business from the firm. Rohm denied he had solicited the money and stated the Republican accepted no advertisements.

J. W. French, an official of the telephone company, informed the grand jury he was unable to trace long distance calls made by Mortimer B. Flynn, owner of the Pottinger Flynn Coal company, who left the city about the time a subpoena was issued for him demanding that he produce his books relating to coal sold the school board.

John C. Christensen, architect for the board of education, told how W. A. Bither, formerly attorney for the board, had thrown large sums of money to the insurance firm controlled by Rohm and Fred Lundin. The insurance and surety bonds that contractors were forced to take from Lundin's insurance company, were small in comparison to the fees attaching to liability insurance given them, the witness said.

Bither Takes Out Policies.

Although without specific authority, Bither had caused the school board to pay for the protection of workmen engaged in construction of school buildings, Christensen testified. A state law compels employers to insure employees against injury or death while in construction work, the witness explained, and the board complied by giving this insurance to Lundin and Rohm.

Since Bither's indictment and his subsequent removal as attorney for the board of education, the board changed its policy and now the contractor pays the cost of the insurance, Christensen said.

Information that Lundin was in Chicago caused Sgt. Pat Collins to hasten to 345 North Michigan boulevard, the home of Dr. Grace Wightman, who conducts a sanatorium. Collins carried the subpoena issued two weeks ago for Lundin, but Lundin was not there.

STEVEDORE DROWNED IN RIVER.

George Sloan, 45, a stevedore at the docks at 307 East North Water street, fell into the river yesterday. Police recovered the body.

printing plant was kept idle, although fully equipped to do the same work as performed by Severinghaus.

It was charged that the school board had been purposely scammed. Severinghaus might get the business. The jury was informed that experienced and capable officials in charge of printing for the board of education were discharged and their places given to men who knew nothing of printing; one examiner of printing appointed having previously been a phonograph salesman.

In a letter addressed to Chief Justice Michael L. McKinley, Attorney Healy explained that press of personal and professional engagements prevented his acceptance of the offer that carried with it the duty of finishing up the school investigation and prosecution of the forty-five indictments so far voted against school officials and beneficiaries of the Lindin-Thompson contract awarding political machine.

The jurors and Judge McKinley expressed deep disappointment at Mr. Healy's inability to serve. The place vacated by Attorney I. T. Greenacre, who resigned to make way for the appointment of an attorney who would have unlimited power, is to be filled by the best lawyer available, Judge McKinley and the grand jury have stated.

## WOMEN APPROVE HEALTH PERIOD FOR MARRIAGE

### Favor Drastic U. S. to Prevent Evasion

BY GENEVIEVE FOR

Chicago club women and social workers, in considering Health Period, Herman N. Bundesen posed health test for all persons to be married, yesterday gave the unqualified approval which the Episcopal clergy, a direction of Bishop Walter T. and the Chicago Church under the leadership of Dr. August Johnston, have already given. The proposed check on the persons afflicted with social is placed in the hands of who are to pledge themselves marry any persons who proper medical certificates.

Fears Dismissed Doctors

"The proposal is good," Rachel Yarros of Hull House doesn't go far enough. It is unscrupulous doctors on one side. If a man or a girl or his or her own doctor and a few dollars get a certificate of it makes it possible for a case of unscrupulous doctors. "If the test is to be worth anything, it should be in the hands of able commission of the high of medical men. Everybody has a license at the county building married. Why shouldn't we have to get a health certificate central commission?"

Dr. Yarros is heartily in the recommendations for social made by the Episcopal clergy. Ten years ago she was Federation of Women's clubs social diseases in the light."

Not Broad Enough.

Mrs. Joseph T. Bowen, president of the Woman's City club, indicates her proposal, but asserts, "ministers can't do it alone."

"If ministers refused to physically content," Mrs. Bowen they would often go to a peace. The evil of diseases marrying can only be through legislation. And have to be national in order function."

Mrs. William S. Hefferan, president of the Woman's City club, the plan a makeshift which be preceded by a thorough study.

"In a few instances," she "it would work a tragedy even be considered an infringement of personal liberty. But that nothing as compared to the tragedies that are now caused innocent children."

Wants Universal Law.

Mrs. Henry W. Hartough, of the committee on social of the Illinois Federation of clubs, wants to see a universal bidding the marriage of any person afflicted with social disease, only a local law," she says, will flock to other counties or be married."

Dr. Bundesen answers this by stating that the health, required by the minister will at form the girl of the physical of her husband. In some cases, the girl will insist upon married.

"But at least 80 per cent of

BY GENEVIEVE FORBES.

Chicago club women and social workers in considering Health Commissioner Herman N. Bundesen's proposed health test for all persons about to be married, yesterday refused to give it the unqualified endorsement which the Episcopal clergy, under the direction of Bishop Walter T. Sumner and the Chicago Church federation, under the leadership of Dr. Howard Agnew Johnston, have already voted.

The proposed check on the marriage of persons afflicted with social diseases is placed in the hands of ministers, who are to pledge themselves not to marry any persons who have not super-medical certificates.

**Fears Dishonest Doctors.**

"The proposal is good," said Dr. Macelle Yarros of Hull House, "but it doesn't go far enough. It gives the unscrupulous doctor an unfair advantage. If a man or a girl can go to his or her own doctor and by paying a few dollars get a certificate of health, it makes it possible for bribery in the case of unscrupulous doctors."

"If the test is to be worth anything, it should be in the hands of a reputable commission of the highest type of medical men. Everybody has to get a license at the county building to get married. Why shouldn't everybody have to get a health certificate at one central commission?"

Dr. Yarros is heartily in favor of the recommendations for sex education made by the Episcopal clergy of this diocese. Ten years ago she urged the Federation of Women's Clubs to "fight social diseases in the light."

**Not Broad Enough.**

Mrs. Joseph T. Bowen, president of the Woman's City Club, endorses the health test, but asserts that the "ministers can't do it alone."

"If ministers refused to marry the physically unfit," Mrs. Bowen said, "they would often go to a justice of the peace. The evil of diseased persons marrying can only be remedied through legislation. And it would have to be national in order really to function."

Mrs. William S. Hoffman, vice president of the Woman's City Club, calls the plan a "makeshift which should be preceded by a thorough study of sex hygiene."

"In a few instances," she believes, "it would work a tragedy and might even be considered an infringement on personal liberty. But that would be nothing as compared to the countless tragedies that are now caused to innocent children."

**Wants Universal Law.**

Mrs. Henry W. Hartough, chairman of the committee on social conditions of the Illinois Federation of Women's Clubs, wants to see a universal law forbidding the marriage of any persons afflicted with social disease. "If it is only a local law," she says, "people will flock to other cities or states to be married."

Dr. Bundesen answers this objection, stating that the health certificate required by the minister will at least insure the girl of the physical condition of her husband. In some cases, he believes, the girl will insist upon being married.

But at least 50 per cent of the de-

cent women in this city," he went on, "would refuse to go on with a marriage when their prospective husbands had been refused a health certificate."

**Works in Wisconsin.**

Mrs. B. F. Langworthy, past president of the Illinois Council of Parent-Teachers' associations, believes the proposed plan would work as well as it has done in Wisconsin. "We forbid the marriage of the insane and between first cousins. The marriage of persons afflicted with social diseases is certainly more prevalent and more dangerous. It should be prevented."

Mrs. L. H. Frendorf, president of the Woman's Protective association, endorses the plan on the condition that it be preceded by universal sex education.

**Bundesen Pushes Campaign.**

With the Chicago Church federation following close after the Episcopal clergy of this diocese in indorsing the health tests, Dr. Bundesen yesterday laid plans for a more extensive campaign.

Answering the Rev. Johnston Meyer's objection that the plan would break down the barriers and foster ill-feelings, Dr. Bundesen said: "That seems to me to be an acknowledgment of the weakness of the church. But even if, in a few cases, the health requirement for marriage did cause illicit relations, that would be better than ruining the health of hundreds of innocent wives and bringing into the world blind and diseased babies."

Anton Miehle, 30 years old, 6130 South Bishop street, was held for the grand jury on a charge of manslaughter yesterday by a coroner's jury inquiring into the death of Mrs. Mary Rose, colored, 23 years old, 834 South Robey street. The woman was killed by an automobile driven by Miehle.

## CHANGE IN LAW URGED SO JUDGE CAN HOLD 2 JOBS

WASHINGTON, D. C., Oct. 31.—(Special.)—Special legislation will be sought from congress by President Harding authorizing Judge Samuel Alschuler of Chicago to serve as a member of the coal commission with out resigning from his seat on the federal bench.

It was learned today that Judge Alschuler has not as yet officially qualified as a member of the coal commission as a result of the legal ruling that he cannot hold both offices simultaneously. Judge Alschuler, however, has been acting informally as a member of the coal commission with the expectation that the matter will be straightened out as soon as congress reconvenes.

President Harding regards Judge Alschuler as an exceptionally valuable member of the coal commission and will take it upon himself to request congress to pass a special bill containing the necessary authorization. Because of a somewhat similar situation George Otis Smith has resigned as director of the geological survey in order to serve on the coal commission.

## Hears U.S. May Block Loan of \$100,000,000 to China

(Chicago Tribune Foreign News Service.)

TOKIO, Nov. 1.—The Osaka Mainichi reports Ambassador Warren has finally agreed to the Japanese statement that, although China is unified, the time is not yet ripe for a consortium to advance a loan of \$100,000,000 as requested by Peking. Mr. Warren first agreed with the British ambassador that it would be all right to grant a loan, but he is now reported to have changed his mind. An agreement between Japan and America would prevent a loan, forcing China to choose between bankruptcy and reform.

## FEAR KIDNAPED MUSKEGON GIRL HAS BEEN SLAIN

### Hunt Here and in Dunes Fails to Yield Clew.

Police search of Chicago yesterday failed to reveal any traces of Rosalie Shanty, 11 year old prize diver of Muskegon, Mich., who was kidnapped Sunday and hurried toward this city in an automobile.

Failure of the search here and elsewhere led the authorities to express the belief she was the victim of a desperate and probably was slain.

"Somewhere in the waste and timber land near Muskegon her body will be found eventually," police said.

**Other Girls Missing.**

Rosalie was one of three missing girls for whom the police were looking yesterday. Bernice Angerstein, 17, a computer operator, disappeared after attending a party. Harry Thompson, a former marine and married, with whom she is said to have been infatuated, disappeared at the same time. Dorothy Hall, 16, 1134 Barry avenue, disappeared in the company of Charles Habbay of Lockport, Ill., according to her parents' report to the police.

The theory that Rosalie Shanty was murdered by her kidnaper led to a search of the woods and lake shore near Muskegon by members of the congregation of Samuel Lutheran church, headed by the pastor, the Rev. J. E. Lorimer, and 100 high school boys. Tired out, this searching party returned to Muskegon last night. The hunt will be renewed this morning.

**Meets Her at Church.**

William Fitz, 12, a playmate of the girl, said he was asked by Rosalie's kidnaper where the "little driver" lived and rode with the man to her home. There the youngster's mother said she was at Sunday school and met her when she left the church.

"The man told her to get into the machine," said young Fitz. "This is the last time you will be home," he said to her, and then she started to cry."

Many Halloween parties that had been arranged for last night in Muskegon were called off because parents refused to allow their children to leave their homes.

**Seek Maxine Spatz.**

Mrs. B. H. Spatz, 664 West 64th street, yesterday renewed her efforts to find her 14 year old daughter, Maxine, who has been missing since Aug. 12. Mrs. Spatz called on the police department and asked that they continue their search for the girl. A reward for information that will lead her to the girl is offered by Mrs. Spatz, who says she has had anonymous telephone calls offering information if "it was worth any money."

## Four Shoe Salesmen and Girl Accused of Frauds

Four salesmen for the Groseman Shoe company, 159 North State street, yesterday confessed to a conspiracy whereby the concern had been robbed of about \$3,000. The police are searching for a fifth conspirator, Mrs. Helen Smith, pretty 38 year old divorcee, of 644 Perry avenue, who formerly was cashier for the concern. Those arrested are: Maurice Mendell, 1859 Belden avenue; Maurice Krauss, 4831 South Sawyer avenue; Charles Horwitz, 1607 South Trumbull avenue, and Otto Thompson, 6114 Stony Island avenue.

## QUOTES ADMIRAL AS SAYING 'GREAT LAKES MUST GO'

### Damper on Move to Keep Station.

The navy department has decided to abolish the Great Lakes Naval Training station, it became known unofficially yesterday. The information came in a letter to D. L. Goodwill, chairman of a committee which has been hastily organized to prevent this action.

The letter, from Joseph P. Leopold of the Iowa state chamber of commerce, quoted Admiral Hugh Rodman, chairman of the commission which has this matter in charge, as sounding the death knell to the station.

**Holds Station Must Go.**

"The Great Lakes Naval Training station is slated to go and must go under our present arrangements, which cannot be changed," Mr. Leopold says the admiral told him, and added in the letter that Admiral Rodman "gave me to understand that it was physically impossible for the government to continue this station, although he knew it would work much hardship upon many of the men in service."

The committee to save Great Lakes has 100 members in the thirteen states of this naval district. Its chairman has called meetings of the executive committee for every day at the Union League club until further notice.

**Committee Gives Views.**

On this committee with Mr. Goodwill are Franklin R. Muller, Myron Adams, John T. Pirie, C. W. Judd, Thomas D. Knight, W. D. Berry, George E. Foss, and John Benham. A statement given out at the headquarters says in part:

"The committee does not wish to wait for an eventually as closure before exerting its efforts to save this fine training station for the navy and for the middle west. Its achievements in the past and its present and future potential value are such as to merit in this crisis the staunch support of the section of the country it represents."

## WOMAN WRITES NOTE TO MAN, TURNS ON GAS

Mrs. Jessie Spang, 32 years old, attempted to end her life yesterday in her home, 744 Addison street, but failed. She had turned on the gas after drinking the contents of a vial that was found close to her body. Mrs. Spang left a "Daddy Dear" note addressed to Fred A. Wahlteit, credit manager for the Pederson Furniture company, 1048 Belmont avenue. Wahlteit had been estranged from his wife since last May.

## PEERLESS

The power of the new Peerless Eight is a mighty force. Yet it is not the sheer sweep and rush of it that is so impressive, as its perfect subjection to the driver's will.

One moment it purrs along as smoothly and silently as a deep-running stream.

The next, it is released to top speed—not alone for a sudden short spurt, but steadily on and on for sustained periods and far distances.

Our belief that eight cylinders have never meant so much in the way of magnificent power, is being overwhelmingly confirmed all over America.

Motorists whose wide experience has made them not only critical but cynical, are frankly amazed at the behavior of the new Peerless Eight.

They are finding in this latest production of a seasoned eight-cylinder organization, a thrill and a delight not heretofore discoverable among cars of the highest class.

## RINGER ASSAILS CARR FOR LETTER TO POLLS JUDGE

Charges Rival Sent Cards  
to Be Distributed.

County Treasurer Patrick J. Carr was severely criticized yesterday by Charles Ringer, Republican nominee for the treasurership, at a Republican rally at the Colonial theater.

The basis for the attack was a letter from a judge of election in the Fifth ward inciting a letter sent out by Carr. The judge's letter to Ringer read:

"The county treasurer is in a position to help out taxpayers and this looks like a polite way of offering a bribe to get my support. It is the first time in my long experience that any candidate has ever tried to tamper with the judges and clerks of election. I wonder what the voters would think if they knew the action that had been taken by Mr. Carr."

Carr's letter to Judge.

The incited letter bearing Carr's signature was as follows:

"In the past it was thought a waste of time to communicate with the judges and clerks of election, but I contend, regardless of your official position, that you will consider my plea for your votes."

"In speaking to your friends I would appreciate it very much if you would convey to them the fact that I personally advocated and supervised the paying of election vouchers. Inclosed find a few cards indicating some of the reforms accomplished by me. If you see fit I would greatly appreciate your sending some to your friends."

Glass Wagons His Target.

"This attempt to 'soft soap' the election officials indicates the 'win at any cost' attitude of my opponent," said Ringer. "He would do much better to save the postage and use the money for another of his costly glass wagons which he is parading through the loop."

The same wagons were discussed by George W. Reinecke, chairman of the executive committee of the Nonpartisan Real Estate league, at a seventh ward meeting in Jones hall. He said he had been informed that Carr's campaign was costing \$150,000 and that the glass work on each of the glass wagons cost \$1,200.

Hoffman Defended.

Coroner Peter M. Hoffman, Republican candidate for sheriff, made public a letter he received from James A. Culp, former member of the Illinois industrial commission, replying to a letter from Thomas A. Murphy, former secretary of the commission, published by James M. Dalley, the Democratic nominee.

Culp's letter said the commission "never made any investigation of the corner of Cook county" and that the evidence in the case which was investigated did not reflect in any way upon the coroner or any of his force.

## Salesman Reports Theft of Jewels Valued at \$8,000

The theft of jewels and mountings valued at \$8,000 was reported to the police yesterday by A. G. Poge, a New York salesman. While Poge was talking in the Atz Brothers' office in the Heyworth building, a thief reached in and stole the case containing the gems from a bench.

WOMAN VANISHES FROM CAR.

Police yesterday were asked to search for Mrs. Mary Harris, 56 years old, 5338 Douglas boulevard, who disappeared while riding with her daughter, Miss Mary Harris on a "fourteenth street car." The two were seated apart.

## PARTIES' CHIEFS WARN AGAINST "DIRTY POLITICS"

BY PARKE BROWN.

Leaders of both the Republican and Democratic organizations are quietly cautioning their forces against "dirty politics." It is a double barreled warning against the use of unfair tactics and against trickery from either side. Inner councils have been perturbed more than usual this fall by indications of eleven hour efforts in several forms to appeal to passion and prejudice. This is a delicate matter in politics and leaders generally are timorous about discussing it publicly for fear of the mysterious reactions that have followed utterances on such subjects.

But on both sides this year there has been a persistent effort to keep this type of double edged weapon out of the campaign. When one speaker at a big meeting recently touched upon one phase of the problem he was promptly requested by headquarters to desist from that kind of speech in the future.

How Attacks Are Made.

The usual instrument in such attempts to swing the voters away from the real merits of the battle is an appeal to racial feeling or religious prejudice and ordinarily it takes the form

of a marked ballot, a list of recommendations or a handbill. Some are genuine outputs of bona fide organizations, but frequently, and probably in the majority of cases, it is said, they are bogus.

Some such documents have been put into circulation. In at least one instance there was launched immediately an effort to meet it with a counter document, but the scheme was dropped. The ruling was that to respond to such maneuvers was to magnify them and probably to increase their effect.

In another instance a bogus appeal to prejudice was circulated among the class of voters who would react against the plea, rousing them to strike against their friends at the polls.

Hope to Balk Moves.

Leaders on both sides have heard that similar moves will be made between now and the election next Tuesday. As thoroughly as possible they are spreading the "keep your eye on the ball" gospel and they hope to keep these influences from playing any important part in the election.

Both Democrats and Republicans continue confident of the results. One difference is that the Democrats are willing to go into some detail of facts and figures showing the basis of their contentions, while the Republicans still are talking in a general way of sentiment of the voters as a mass.

It is conceded almost everywhere now that if the election had been held three weeks ago there would have been a Democratic victory. Since that time some of the best observers say the Democrats have not lost ground appreciably, but the sleeping Republican strength has been awakened to such an extent that a split ticket is generally regarded as certain.

## POLITICAL SIGNS DEFACING CITY AROUSE WOMEN

Black marks have been registered on the books of the Woman's City club against two dozen and more candidates in the election of Nov. 7 who have defaced lamp posts, trolley poles and similar spots with campaign signs. Back in September the clean city committee of the club sent letters to both the Republican and Democratic organizations calling attention to the city code prohibiting such advertising and providing a penalty ranging from \$10 to \$200 for each offense.

A cursory examination of a few corners in the loop showed the following names heralded in violation of law: Republicans - Righelimer, Ringer, Passmore, Devine, Peterson, Lyle, Luster, Helander, Esposito, and Rachtowne. Democrats - Carr, Dalley, Cermak, Crowe, Whalen, Rosenberg, Budinger, Daniel, Ryan, Wilson, Weinschenker, Borrelli, O'Toole, and M. F. Ryan.

Among these ads now are appearing stickers used by the anti-visitationists, theatrical advertisements, and bible texts.

## Judge Praises Man Who Had Police Jail Him

Because he voluntarily went to the police station Friday night while he was intoxicated and demanded that he be looked up until sober, Edwin Johnson, 38 years old, 2428 Division street, was commended yesterday by Judge Arnold Hepp. The man was discharged.

## Fire Patrol Crashes Into Building to Avoid Collision

In attempting to avoid collision with another machine, the fire insurance patrol wagon of squad No. 7, late last night crashed into a building at West Chicago and North Ashland avenues. Its crew narrowly escaping injury. The patrol was going south on Ashland avenue when at Chicago avenue a car going west sped by. The driver of the patrol swerved his car and plunged into the window of the store of Ruston & Co., ice cream manufacturers.

## SMALL AND CITY HALL FIGHT TO GAIN IN SENATE

BY E. O. PHILLIPS.

The city hall and the Small administration at Springfield require three or four votes in the new state senate next January to prevent action by their opponents. Their main chance apparently is to hold eighteen out of fifty-one senators upon whom they may count and to stand fast against any impeachment proceedings directed against Gov. Small.

The impeachment angle is coupled with the city hall's hope to control the senate for the supposed purpose of putting through Mayor Thompson's transportation program, thus giving him a basis for his campaign for a third term as mayor.

**Situation in the Twenty-ninth.** Almost spectacular is the situation in the Twenty-ninth senatorial district, which includes the "Gold Coast" and the near north side, represented by Senator F. J. Sullivan. In the last session he refused repeatedly to vote for the Thompson-Small-Lundin program. It is known he was promised the city hall support if he would "go along." When he would not he was threatened with defeat.

The issue is one of the important contests for the senate in Cook county. The city hall won in the primaries with John T. Joyce, a city hall man in the last house. The Deneen, Brundage, and city hall factions split three ways and Joyce was nominated.

**After E. J. Conlon, Too.** In the same district the city hall hopes to defeat State Representative B. J. Conlon, who refused to take city hall orders under threats of annihilation.

In this near north side district there are four house nominees for three places. The Democrats are Mr. Conlon and Representative Lawrence C. O'Brien. The two Republicans are "new." One is Michael R. Duroso and the other is Ernest W. Turner. The hall will not grieve if both Republicans are elected.

In the Thirty-first senatorial district, starting north of Lincoln park, the three-cornered primary fight resulted in the nomination of the city hall candidate, Herman J. Henschel, for state senator. The Democratic candidate is William M. Kane, who asserts he will

## POLITICAL NEWS

Frank M. Padden, Democratic candidate for congress in the Seventh district, has sent a telegram to Fred Lundin, "somewhere in Milwaukee," reading: "Will you please let me know if your friend, Congressman Michaelson, is with you in Milwaukee. I can't find him here in the Seventh district, and I want to challenge him to debate. If he is indisposed could you get Beveringhaus or Meese to substitute for him?"

Senator Medill McCormick was unable to speak yesterday noon at the Colonial theater because of throat trouble. He will speak at Blue Island and Chicago Heights tonight.

Trustees James H. Lawley and Matthias Mueller, Republican candidates for reelection as sanitary district trustees, have been endorsed by the Chicago District Council of Carpenters, the International Union of Steam and Operating Engineers, Local 589 Hauling and Portable Engineers' union, and several other unions.

**"S. O. S. Save Our Schools! Vote the Democratic Ticket Straight!"** Signs and placards bearing the above are being circulated by Democrats. On the reverse side is the following: "Let your ballot condemn pillage of your public treasury, profiting in price of coal, cheating your children of an education."

The William Hale Thompson Sixth Ward Republican club has issued an

go through with the regular Democratic organization and against the Thompson-Small combination, if he is elected.

For the house there are three Republicans and two Democrats as candidates. Representative Carl Mueller and James A. Steven, former representative, come from the same territory and are backed by Attorney General Brundage's organization. Representative George A. Williston, who went to the last session as a city hall man, but handled himself independently, is the third Republican. The two Democrats are Representative Frank J. Self, a "light wine and beer" advocate, and James J. O'Toole, who carries the endorsement of the Legislative Voters' league.

In the Sixth district, which includes the old Twenty-sixth ward territory and Evanston, the legislative issue is confined to the house. Three Republicans are nominated and one Demo-

crat, the latter being Charles H. Weber, who seems to lead no "dry" aid.

Representative Ralph E. Church is the Evanston candidate for reelection. Representative Emil A. W. Johnson comes from the old Twenty-sixth ward, backed by the city hall and chased as a wet, and John W. Gibson comes from the same territory as a dry and anti-Thompson. This is one of the Cook county legislative districts, where there is a real legislative contest.

**Elevator Men Sign Wage Pact for \$115 a Month**  
Officials of the Elevator Operators' and Starters' union have signed a new wage and working agreement with the Building Managers' association. The new agreement, which becomes effective today, provides for a minimum wage of \$115 a month for operators and a maximum wage of \$145. It also states that eight and one-half hours shall constitute a work day and overtime shall be paid at the rate of 75 cents and \$1 an hour, according to the size of the building. The union has approximately 1,500 members.

A letter has been sent to the Chicago alumni members of the University of Michigan stating that the following Republican candidates are University of Michigan men: Jerome J. Crowley for Probate Judge, John H. Passmore for clerk of the Criminal court, Howard Hayes and John R. Newcomer for judges of the Municipal court. A north shore club of which Stephen A. Day is president and Ralph E. Church secretary has been formed to further Mr. Passmore's candidacy.

Probate Judge Henry Horner, Democratic candidate for reelection, was endorsed in letters written yesterday by ex-Gov. Edward F. Dunne and ex-Judge John P. McGorty.

The Coeducational club, a west side organization composed principally of Republicans, meeting at 3214 West Monroe street last night, unanimously endorsed the candidacy of Dr. Rowena Morse Mann, Democrat, for trustee of the University of Illinois.

Election of William E. Helander, Republican, and Joseph Burke, Democrat, as judges of the Municipal court is urged by Thomas K. Davey, executive committeeman of the American Legion. Both were soldiers during the world war. Burke is also endorsed by the World's War Veterans.

## America's Most Efficient Ushers

The ushers in the Balaban & Katz theatres are trained by a graduate of West Point who devotes his entire time, thought and intelligence to the development of the most advanced usher-service the American theatre has ever known.

## These ushers are picked men.

They are selected with as much care as the cadets at the Nation's Military Academy and are taught the same high regard for courtesy, tolerance, loyalty and responsibility.

Primarily they must come from good families. They must have the advantages of good breeding and at least a high-school education. Many of the ushers now at work in these theatres are University and College students.

After they are chosen, and before they take their stations, they must go through the Balaban & Katz School for Ushers where they are taught the importance of discipline, service and self-restraint.

They are the only members of the organization who come in direct, personal contact with the public and we know that the importance of their training cannot be overestimated.

All this explains why these ushers are able to handle large crowds smoothly without excitement or fuss—why they are always polite and alert and serve you promptly and efficiently. It is another reason why you enjoy yourself thoroughly when you are in a Balaban & Katz theatre.

## New China and Glassware

### Play Very Important Parts in Every Plan for Thanksgiving

SINCE most of the events which surround the Thanksgiving season take the form of delightful luncheons, teas, and dinner parties, and since Thanksgiving itself is very much centered around the dinner table, new China and Glass are most attractive to every hostess.

But this year in particular, the interest isn't wholly caused by the occasion, for both China and Glass create a special appeal by the beauty of their shapes and colors. The new patterns hold a wealth of distinction and originality.

### Fine Glassware

ROCK Crystal from England, Sweden or America is always one of the most pleasing types of Stemware for the table, since it combines brilliance and dignity.  
For more colorful occasions there is graceful Sremware in Pomona and jade green, Celeste blue, rose and amethyst; or in combinations of crystal and color or engraved patterns and colors. And Venetian Glass brings an exquisite air to any setting. (Rock Crystal illustrated.)

### The New China

AMONG the latest arrivals are several new Cauldon and Aynsley patterns in English bone China—the Cauldon vase pattern, the key pattern with a scroll border, a Chinese design, a garland rose-border design and many all-over patterns.

Our stock has never been so complete as at the present time, and includes every type of dinner set, in domestic and English semi-porcelain, and in imported China. (The Cauldon pattern is illustrated.)

## New Chinese and Persian Rugs

THE Chinese and Persian Rugs which have just arrived exhibit an unusual depth of color, proving that the East has lost none of its cunning in the ancient art of dyeing and at the same time has gained much from our Western point of view.

Chinese Rugs, about 9x12, priced from \$275 to \$450. New Mosoul Rugs, about 3.6x6.6, \$45 to \$85. Sarook Rugs in unusual sizes, which are very difficult to find, 2 1/2 x 5 to 2 1/2 x 6 1/2, \$95 to \$150. All these Rugs are of perfect weave and heavy quality.

## Three Bedroom Suites

### Are Specially Priced During November

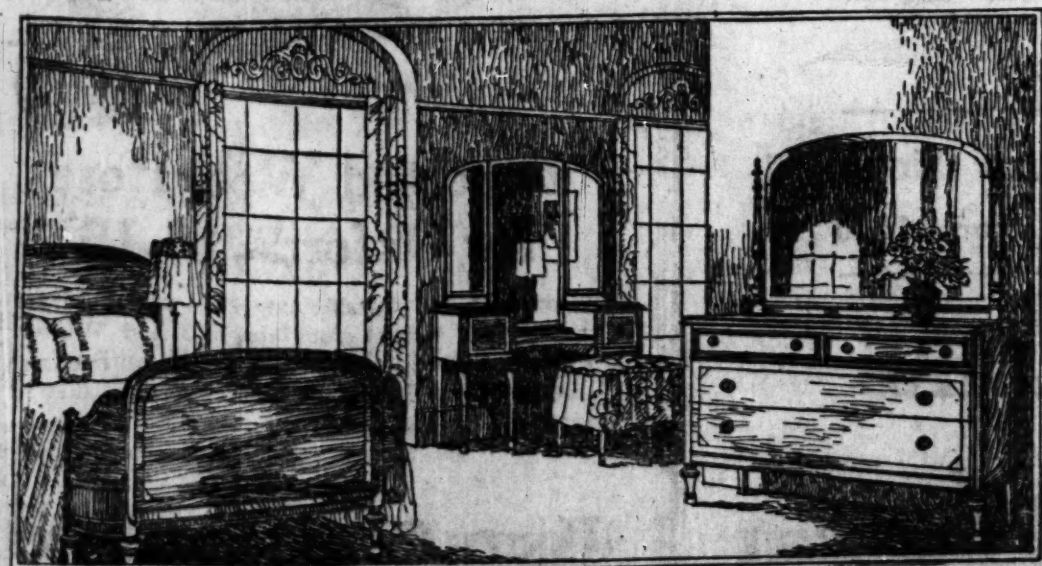

AMONG the many unusual values always presented on our Furniture Floor are three Bedroom Suites which deserve very special attention for their remarkably low prices and their pleasing styles. You could easily imagine one in the environment of your own house, and decide just how each of the graceful pieces could be used and which corner it could occupy.

The Suite shown below is of combination American walnut, with interiors of mahogany:—

Priced separately the Bed is \$75; Chiffonrobe, \$65; Vanity Table, \$75; Dresser, \$95; Chair, \$13.75; Rocker, \$13.25; and Bench, \$10. The four large pieces, \$285.

A handsome Suite of two-tone combination walnut is most admirably made. The Bed is \$58; Dresser, \$95; Chiffonrobe, \$75; Vanity Table, \$78. Or the four large pieces may be bought together at \$295.

A third Suite, also of combination walnut, is an embodiment of every latest convenience. Bed, \$75; Dresser, \$95; Chiffonrobe, \$65, and Vanity Table, \$75; or \$285 for four pieces.

## Our Special Value-giving Campaign in Women's Wraps and Coats

SIXTH FLOOR - NORTH - STATE

THE price of anything is of so little significance except in relation to its value that it is of no importance at all until the quality and style of the article have been considered. Realizing the great variety in individual tastes and types as well as circumstances, we have tried to consider them all in regard to materials, styles and prices; but whatever your selection may be in this section, at whatever price, it will have that certain distinction and fineness which alone assure lasting pleasure and satisfaction.

This event, usually known as our Annual Sale of Women's Coats, and which continues throughout November, offers the finest materials and furs of the season, at the lowest possible prices for the values they represent.

Without fur, \$35 to \$97.50. With fur, \$37.50 to \$195 and up

## Reflecting the Bright Joys of Holiday Time

### The Annual Sale of Christmas Ribbons

JUST as you are laying interesting plans for Christmas sewing, comes this Sale, and you enlarge your project to include the scope of gifts to be made from these lovely Ribbons. Some are indescribably gorgeous in weave and coloring, others softly quaint in their floral designs, while the narrow novelty Ribbons have infinite decorative possibilities.

Every Ribbon in the Sale, from the finest imported brocade to the simplest edging, is priced extremely low. You will be as delighted with the almost unprecedented values as with the attractive articles on display in the Section, which furnish you with unlimited ideas for gifts.

## Hats for Dancing and Dining Specially Priced, \$25

THE joyous music of the tea dance, or the atmosphere of the public restaurant, demands a Hat in keeping with its gaiety. Gleaming gold-and-silver cloth, soft graceful laces, and rich Persian fabrics with fur have been chosen to properly interpret this spirit of midwinter festivity, and to accompany smart fur coats and velvet frocks. Small Hats are fashioned without brims for comfort in dancing. Larger Hats of malines with drooping brims wear becoming cascades of lace.

### Each Hat Represents an Excellent Value

They have been produced in our own workrooms by our own designers, and the materials and workmanship are of the best. From the standpoint of style and practical comfort, too, they are unexcelled. You will be delighted with the variety and charm of the collection, as well as the moderate price, \$25.

Any one who is interested in modern tendencies in Interior Decoration will enjoy a visit to the Furnished Rooms recently reopened on the Eighth Floor.

## Remarkable Reductions on Metallic Laces, \$5.90

AT the height of the season, and when metallic Laces are so strongly in vogue, these reductions are extraordinary. Some of our handsomest Laces are included, in lengths which vary greatly.

Some are all metal, others metallic filament worked on silk flet in colors—jade, orchid, rose. There are both 36 and 40-inch widths at this remarkably low price—\$5.90 the yard.

Laces, Second Floor, South, State

## Tailored and Fur-trimmed Suits at \$50 and \$67.50

MARLEEN, duvet de laine, and men's wear are the materials of these Suits—excellent qualities usually found in much higher priced Suits. Most of them have fur trimmings which, added to the excellent materials and careful tailoring, enhance their value.

There Are Many Styles in the Collection, Only Two of Which Are Sketched

At \$50—Suits of duvet de laine trimmed with caracul or mole. Also Suits of marleen and men's wear, strictly tailored.

At \$67.50—Suits of marleen in a number of different styles, with beaver, squirrel, or wolf collars. Exceptional values, indeed.

he never got a rate lowered. He did frequently—on articles not made in New York—and now reminds New Yorkers he lowered the cost of such articles to them. The tariff operates so mysteriously, however, that the tariff boost on articles made in New York, according to the senator, has not and will not increase the cost to the consumer.

### Answering a "Wel."

The prohibition question is another big issue in the contest. Dr. Copeland and the Democratic platform advocate light wine and beer. Calder is a wet and voted against the prohibition amendment, and the Volstead act. Recently he has declared for strict enforcement of the law, maintaining a discreet silence, however, as to whether he would support a beer amendment of the law.

Al Smith has been pestering Gov. Miller a good deal on the light wine and beer question and finally, the governor slammed back at his predecessor in this wise: "The alluring hope is held by the Democratic platform and by the Democratic candidate for governor that if he is elected the people can have light wines and beer. He knows, you know, every intelligent citizen knows, that whether he is elected or whether I am elected, it can have no influence whatever upon that question, that the governor of this state and the legislature of this state cannot, if they would, give the people of this state light wines and beer."

"They might, it is true, violate their

oath of office, but every one knows that the constitution of the United States and the act of congress of the United States is supreme over anything which the state of New York might or could do. If any one has any doubt on that subject, he merely has to look to our sister state across the river, where a campaign was waged two years ago upon the same kind of promise that the Democratic candidate of this state is now making the people; and they know, too, that the state of New Jersey, like every other state in the Union, is precisely in the same position with respect to light wines and beer as when that false promise was made.

"I refuse to deceive the people. If my opponent wishes to do so, he is welcome to take that course."

### Bettors Insure Lives of Candidates for Governor

New York, Oct. 31.—The lives of former Gov. Alfred E. Smith and Gov. Nathan L. Miller have been insured for \$20,000 each by a firm of Wall street betting commissioners who are handling large wagers on the New York state gubernatorial contest. It was announced tonight. The policies were taken out to protect the firm against loss in handling the wagers in the event of the death of either candidate, which would invalidate these election bets.

### ALLIS CHARGE OF ALIENATION HEARD IN COURT

Milwaukee, Wis., Oct. 31.—Mr. and Mrs. Louis Allis were today examined before Court Commissioner Williams under the discovery statute in the action brought by Mrs. Amber Allis, former English actress, wife of Gilbert Allis, as to her alleged grounds for her suit against Mr. and Mrs. Louis Allis and nine other society people of Milwaukee for alienation of her husband's affections.

Louis Allis testified that he had no dislike for Mrs. Amber Allis, but that she was excluded from the Allis family social functions because of a note she sent to him Sept. 14, 1918, which read: "Please leave me alone."

Disputes over an iceberg and some vegetables sent to her husband and refused by Mrs. Amber Allis were mentioned. The vegetables, Louis Allis said, were returned with the "Please leave me alone" note.

Mrs. Louis Allis testified that she had no trouble with Mrs. Amber Allis. The court commissioner will conduct an examination of correspondence between Louis and Gilbert Allis at the next session.

### DIES 50 YEARS TO A MINUTE AFTER HIS MARRIAGE

At 9 o'clock on the morning of Oct. 31, 1872, a parish priest in a little Belgian village, bestowed the sacrament of matrimony upon James Dewitte and Angela Clays. Yesterday at 9 o'clock another parish priest in another land, gave the last sacrament to

the loving husband. Just fifty years to the minute.

Romance had lived with them throughout their fifty years of wedlock. Love had never flown from the window of the modest little home in South Bend, Ind., in which the couple had spent fifty-eight years and reared their family of four children.

Dewitte was taken ill suddenly Monday morning, just as plans were being made for the celebration of their anniversary yesterday, when their children and grandchildren were to meet in re-

union according to the custom in Belgium, where he was born eighty years ago.

## Performance and Beauty Marvelously Combined

"I want you to know how much pleasure and satisfaction my family and I are taking in the Wills Sainte Claire Sedan we bought of you last Fall. The car has proved absolutely satisfactory in all mechanical details and has been a source of constant pleasure because of its beautiful lines and the luxurious and artistic details of finish."

ARTHUR B. CODY  
Chicago Trust Company, Chicago Ill.

Performance is the first requisite of a fine motor car.

When C. Harold Wills designed the Wills Sainte Claire he gave to the motorist a new standard of motor car performance—a new experience in motoring—a new sense of comfort and luxury and of lack of fatigue in motor travel.

He accomplished these things by the use of Mo-lyb-den-um steel—by the scientific balance that he gave to the car—the exact proportioning of weight to wheel-

base—the specially designed springs and by the wonderful eight cylinder, 60 degree motor, with its overhead valves and cams that he designed for it.

But he did more than give to the world a car of marvelous performance. The Wills Sainte Claire is a car of rare beauty—distinctive in design—Rich in finish—Luxurious in equipment. A car that you must see to appreciate—that you must ride in and drive for yourself—And this we cordially invite you to do.

## There is No Royal Road to Better Business, but—the Belknap Way is Sure!

This is the No. 4 Rotary Belknap Addressor, a hand machine for small businesses. Speed 1,500 to 1,800 per hour.

No. 3 MOTOR DRIVE MACHINE

This No. 3 Motor Drive Belknap Addressor addresses 15,000 to 25,000 names a day.

THE way to get business is to go after it. A Belknap System enables you to go after business and get it. If your business can withstand the shock of a fresh batch of daily orders—if you are not alarmed at the possibility of overtaxing your shipping department—here's what you ought to do:

- telephone Wabash 2262
- write Rapid Addressing Machine Co.
- or, visit us at 615 South State Street

Look at it this way: What does it profit you to make the finest article of its kind, or a standard grade of some commodity which you sell at a low price, or to manufacture some distinct specialty or novelty, if enough people aren't buying it.

You need a Belknap System of Addressing to help you speed up business!

It will. It always does! And you need a Belknap Service Man to study your requirements and point out the best way to apply our systems to your business. This preliminary service is free, so don't be afraid to write or phone for a Belknap Service Man to call. You'd better!

### Right Now You are Paying for a Belknap System of Addressing

Paying for it in leaks and losses incurred daily through old fashioned slow hand-methods of handling listings and names—paying for it in losses of business to more aggressive and progressive competitors. And you will keep on paying for one until you own and operate one. Then, its expense stops; the slight upkeep charge is many times offset by new savings and unaccustomed profits.

### You're Now Half Equipped for a Belknap System of Addressing

Any business that boasts a typewriter and someone to operate it is half equipped for Belknap Addressing Efficiency. Your typewriter operator cuts a Belknap Addressing Stencil just as she would address an envelope. Once made it's always ready for instantaneous use; for addressing envelopes in which to put your new circulars and the letters with which you are going to combat trade inertia, and make business hum.

The Belknap way is also the modern and economical way of heading up statements, pay sheets, order forms, route lists, shipping blanks, and other business forms.

A Belknap Service Man will tell you all about it, however, if you'll telephone Wabash 2262, or write. Booklet on request.

## HUGHES THINKS DEMOCRATS RELY ON FALSE ISSUES

Good G. O. P. Government  
Forced Them to It.

Jersey City, N. J., Oct. 31.—Declaring that in the present campaign the Democratic leaders are waging a "false controversy with no promise of achievement," Secretary of State Hughes asked the voters of the country in an address here tonight to uphold the hands of President Harding by returning to office those who have helped to write the administration's record of accomplishments.

In every field, foreign and domestic Mr. Hughes said, the administration officials had correctly interpreted and carried into effect the desires of the American people.

**Frelinghuysen Good Lieutenant.**  
"And as we pay our just tribute of appreciation and esteem to the leadership of the President," he continued, "so we invite confidence in those who have faithfully worked with him and made success possible."

The secretary praised Senator Frelinghuysen, seeking reelection in New Jersey, saying his "experience in affairs, indefatigability, and intimate knowledge of what American prosperity demands has been of the greatest aid to the administration."

"When this administration came into power," said Mr. Hughes, "every one was talking of the difficulty, if not the impossibility, of its tasks. It saddened our friends of the opposing party to think of what we could not do. But we have gone forward so successfully and swiftly with one accomplishment after another that our opponents are compelled to resort to false issues which cannot serve them."

**Two Years' Accomplishments.**  
"You wanted the revival of business. You have it. Instead of operating at less than 60 per cent of capacity, industry is now operating at about 90 per cent of capacity, which means the top level of useful work."

Mr. Hughes then cited particularly as accomplishments by the Republican administration: The return of employment, reduction in taxes, reduction in public debt, reduction in government expenditures, protection for American industries, and an American policy in foreign affairs.

## WOMAN HURT IN MYSTERY; WITH PROMINENT MAN?

How Mrs. Faith Carragher, 613 North Michigan avenue, received a fracture of the leg and other injuries that resulted in her being taken to Columbus hospital yesterday, is something the police would like to know.

The officers say witnesses told them Mrs. Carragher fell or was thrown from an automobile at Lake Shore drive and Patterson parkway.

William Carragher, her husband, says he is satisfied with her statement that she was hit by an automobile while trying to call a taxicab.

"Police say she at first said she had been riding with a prominent man" whose name she refused to divulge.

## ALLEN ATTACKS KLAN, CATHOLICS IN SAME BREATH

Says That Bigotry Will  
Breed Civil War.

Great Bend, Kas., Oct. 31.—One pistol shot could produce a state of civil war in Kansas similar to that in Ireland, according to Gov. Henry J. Allen, who continued his attacks on the Ku Klux Klan here yesterday.

His speech was a part of a series of political addresses, but the latter portion of it was devoted to a scathing denunciation of religious bigotry and community hatred.

This governor denounced certain types of Catholics and members of the Klan in the same breath, telling them they should both be ashamed of themselves.

**"Both to Blame."**  
"You are both to blame," he asserted. "You Catholics who go out and say: 'I don't vote for a man who is

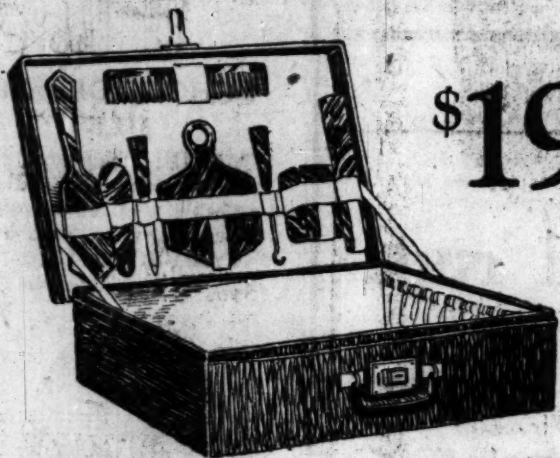

not a Catholic. I am going to put my political activity behind my religion,' you ought to be ashamed of yourselves, and you men who join this Klan and say, 'Here is an order that exists for the protection of white supremacy and to save us from the Catholic church,' you ought to be ashamed, honestly, you ought to be ashamed."

Pointing out that he was not condemning the Klan from any personal beliefs or prejudices, the executive said, "I am not against your organization because you don't like the Catholic church."

"I am not a Catholic. I am a Methodist and a thirty-second degree Mason and a Knight Templar. I belong to all of these organizations. I belong to everything, except the Knights of Columbus and the Ku Klux Klan, and I wouldn't join either of them."

After drawing a comparison between the conditions in Kansas and those in Ireland the governor asked, "Do you want turned loose in this state the horrors of a civil war? God forbid such a war. And yet what can you suggest to the negroes of the state when the old Ku Klux Klan that terrified them fifty-five years ago is again riding at night?"

## SOCIALISM ISSUE IN BRITISH CITIES' BALLOTS TODAY

London Tries to Drive  
Radicals Out of Office.

BY JOHN STEELE.

(Chicago Tribune Foreign News Service.)  
[Copyright, 1922, by The Chicago Tribune.]  
LONDON, Oct. 31.—[By Tribune Wireless.]—The British municipal elections take place tomorrow throughout the country, but they have lost much of their significance because of the imminent general elections for parliament. Ordinarily they might give some indication of the trend of the general election, but national politics are so confused that this is not likely at this time.

In the main they are a straight fight between the Socialists and the Conservatives. The Socialists are hoping to gain many seats in the municipal councils.

There are many voters who will vote for municipal ownership and will vote the Socialist ticket on local questions, but will vote Tory or Liberal in the national elections.

**Fight for Economy.**  
In London the big fight is for economy. Last year the Socialists lost heavily. As a result the local taxes were much reduced. This year efforts will be made to reduce the Socialist control still further, cutting off the extensive municipal trading and the extravagant administration of the poor laws.

The national campaign is still dragging. There are indications that all is not working smoothly in the proposed cooperation between Mr. Lloyd George and Prime Minister Bostar Law to avoid fights. Local Tories put up candidates for thirty seats which Mr. Lloyd George claimed belonged to him, and he threatens to retaliate, saying that he has from 100 to 150 more candidates up his sleeve which he will run, if the Tories do not drop their opposition to his men.

**Advantage to Socialists.**  
The only result of such a spirit will be to allow Labor or the Asquith Liberals to gain several seats to which they are not entitled. Strenuous efforts are being made to fix up a truce, allowing the Lloyd George candidates a walk over to some constituencies, and the Tories in others.

## MARKS GO LOWER AS ALLIES STUDY GERMAN CRISIS

Barthou Sees Hope of  
Settlement.

BY SIGRID SCHULTZ.

(Chicago Tribune Foreign News Service.)  
[Copyright, 1922, by The Chicago Tribune.]  
BERLIN, Oct. 31.—[Via Tribune Wireless.]—While the reparations commission and the German representatives indulged in social amenities, prior to opening negotiations for the payment of Germany's war debts, the Berlin bourse was pessimistic. It boosted the dollar from 4,000 marks to 4,488.

Heated discussions are taking place in Germany owing to the great divergence in the plans of the reparations commissioners and the German representatives for the financial salvation of the nation.

According to authentic sources Germany is requesting an international loan to purchase food and to stabilize the mark, demanding that the interest on this loan be given priority over the reparations payments.

**Would Use Reichsbank Gold.**  
The reparations commission insists that the mark can be stabilized with an international loan. The paper money floating in Germany amounts to 500,000,000 gold marks (\$125,000,000) while the reichsbank still has more than 1,000,000,000 gold marks (\$250,000,000) in reserve. The reparations commission demands that Germany use this sum to stabilize the mark and that the nation sell all money printing plants without consideration of unavoidable internal trouble.

M. Barthou, the French delegate, expressed a conviction that the reparations commissions and the German people will come to an agreement. He said he was agreeably surprised at finding "everybody willing to collaborate and play open cards."

**Wirth Welcomes Allies' Aid.**  
BERLIN, Oct. 31.—[By the Associated Press.]—Chancellor Wirth, who received members of the reparations commission at noon today, expressed special pleasure at seeing Luis Barthou as the new chairman. The chancellor commended the initiative of the commissioners "in bringing the debtors and creditors together."

After referring to the changes in

Germany since the guarantee committee made its demands in June, Dr. Wirth declared that the country was confronted with a winter of starvation and cold, as there was a shortage of food and coal. Stabilization of the mark, in his opinion, was the first problem requiring solution. This would tend to restore equilibrium in the German state finances. Only speedy action, he said, could save the situation and Germany's productive capacity.

**Complete Jury for Second  
Trial of Fred Mader**

Selection of the jury which will try Fred Mader, Daniel J. McCarthy, and John Miller a second time for murder, was completed yesterday. Opening arguments will be heard today before Judge Oscar Hebel.

The three defendants are charged with killing Acting Police Lieut. Terence Lyons during the labor troubles last spring. In a former trial before Judge Thomas Taylor Jr., the jury disagreed.

## Chemical Analysis of Kupczyk Body Made

Chemical analysis of the body of Frank Kupczyk, former husband of Mrs. Tillie Klimmek, was begun yesterday on the orders of Coroner Hoffman. The body was disinterred to determine whether Kupczyk's death on April 21, 1921, about which some mystery exists, was due to poisoning. Mrs. Klimmek

has made a partial confession that she poisoned her present husband, Joseph Klimmek, who is now in the West Side hospital suffering from poisoning by arsenic.

**HEATS MOTHER; MIND SEARDED.**  
Charged with beating his mother, Edward Brown, 2034 West 19th street, was ordered to the custody and examination of Dr. William J. Hickman of the Psychopathic hospital yesterday by Judge La Bay in the Maxwell street court.

AND think what it means to have fresh gloves—practically new gloves—every time you go out! Kayser Chamoisette Gloves cost one-half what leather gloves cost, so that you can afford to have at least two pairs—and keep changing.

**This Matter of Economy**

There is this about Kayser Chamoisette Gloves costing so little and wearing so long—you seldom think of it, because they are so good to look at, so much in style, so comfortable on the hands, so easy to slip on and off without awkward pulling and tugging—you'd just want to

wear them even if they cost a lot—and it would pay you! Good pure soap—a few minutes in the suds—rinse with clean water—let them dry—and there you are! And you're always smartly gloved, and happy about it.

**And the Long Wear**

You see, you can wear Kayser Chamoisette Gloves and wash them, and keep on wearing them and washing them, and they LAST. Of course we are talking about real Kayser Chamoisette. That's why we think it a good idea to ask you to look for the Kayser name in the hem of the glove—ALWAYS.

## U. S. DECLINES TO PARTICIPATE IN LAUSANNE PEACE

### May Send Observers to Near East Parley.

Washington, D. C., Oct. 31.—[By the Associated Press.]—The American government, in notes delivered today to the British, French, and Italian embassies here, formally declined to participate in the near east peace conference in Lausanne, Switzerland, next month. Later, the state department made public this government's position on the conference as outlined in the "aide memoire" which was transmitted yesterday to the three governments.

The text of the "aide memoire" upon which the formal replies were based as fully setting forth the American attitude follows:

"The conference proposed for the purpose of drawing up a treaty of peace with Turkey will have primarily to deal with the problems resulting from the state of belligerency between the allied powers, Turkey, and Greece. The United States was neither at war with Turkey nor a party to the armistice of 1918, and does not desire to participate in the final peace negotiations or to assume responsibility for the political and territorial adjustments which may be effected.

"While maintaining this reserve in regard to certain phases of the near east settlement, the government of the United States does not desire to leave the impression that it regards its interests as less entitled to consideration than those of any other power, or that it is disposed to relinquish rights enjoyed in common with other powers, or proper commercial opportunity, or that it is unconcerned with the humanitarian interests involved.

"For the purpose of clarity certain subjects of particular American concern may be briefly summarized:

- "1. The maintenance of capitulations which may be essential to the appropriate safeguarding of non-Moslem interests.
- "2. The protection, under proper guarantee, of philanthropic, educational, and religious institutions.
- "3. Appropriate undertakings in regard to the freedom of opportunity without discrimination or special privilege, for commercial enterprise.
- "4. Indemnity for losses suffered by

## OFFERS REWARD OF \$500 FOR CLEW TO HIS DAUGHTER

Having, with aid provided by officials of the sanitary district, dragged the drainage canal for several days in vain, F. E. Daudelin, a contractor living at 1815 South Turner avenue, last night posted a reward of \$500 for information as to the whereabouts of his daughter, Miss Lea Daudelin, who mysteriously disappeared from home a week ago today.

Miss Lea Daudelin, 26 years old, had suffered a nervous collapse and, according to her father, had for several weeks been mentally deranged. Her coat and hat were found on the drainage canal bank at Western avenue the day following her disappearance. Abductors may have placed them there to avoid suspicion, the father believes.

Miss Daudelin, 5 feet 6 inches tall, and weighing 100 pounds, wore a dark blue cloth dress, trimmed with red braid running down the side. She had a ring with green stones on the third finger of her right hand.

Americans in Turkey as a result of arbitrary and illegal acts.

"5. Suitable provisions for the protection of minorities.

"6. Assurance touching the freedom of the straits.

"7. Reasonable opportunity for archaeological research and study.

"This brief summary, while not exhaustive, may serve to indicate the general nature of American interests. To safeguard such interests and to facilitate the exchange of views the government of the United States is prepared to send observers to the proposed conference if this action is agreeable to the powers concerned."

## PERMIT BULGARS TO ARGUE CLAIMS AT TURK PARLEY

[Chicago Tribune Foreign News Service.]

LONDON, Oct. 31.—[By Tribune Wireless.]—Bulgaria has been notified by the powers that it will be welcomed to the near east peace conference at Lausanne on Nov. 13 and be allowed to state its case as to an outlet on the Aegean sea and the Dardanelles.

So far Russia has only been invited to the second conference dealing with the Dardanelles, but it is gathered that there will be little objection if England allows it to enter both conferences on equal terms in return for a guarantee to cease intriguing in British possessions.

It has practically been decided that the British delegates will be Lord Curzon and Sir Horace Rumbold.

Death for Sevres Treaty Signers.

CONSTANTINOPLE, Oct. 31.—[By the Associated Press.]—The Turkish Nationalist government at Ankara has passed sentence of death upon the Turkish signatories of the Sevres treaty and the members of the cabinet of former Premier Damad Ferid Pasha, whom it accuses of being Anglophiles. Hadid Pasha, who with Tewfik Bey signed the Sevres treaty, has left Constantinople for Switzerland, which also is the refuge of Damad Ferid Pasha.

## PRIZE BEAUTY SUES 'CAVEMAN' FOR A DIVORCE

John E. Reilly, "irretrievably" and wealthy furniture manufacturer of Rockford, Ill., was yesterday sued for divorce by Mrs. Marie Reilly, winner of several beauty contests, now living at the Brevoort hotel.

The couple, the bill filed by Attorney Jay J. McCarthy states, were married on Jan. 26, 1916. Immediately after the ceremony, she charges, he changed from a courier to a "caveman," so vigorously affectionate in his "love tantrums" that he was cruel.

When Mrs. Reilly finally revolted at his persistent and protracted honeymoon, she charges, he disappeared on March 25, 1922.

## "Deaf Mute" Veteran Not Deaf, Mute; to Jail

Harlem Peck, who, posing as a deaf and dumb veteran of the world war, made a living by begging in the Elgin Chicago avenue police district, was

sentenced to six months in the House of Correction yesterday by Judge Arnold Hepp. His alleged afflictions brought him contributions, even sympathetic policemen and reporters.

"Kidding in," until it was discovered that he was not a deaf mute.

## WIFE OF JAYNE DENIES GIRL IS PART OF MYSTERY

Monmouth, Ill., Oct. 31.—[Special.]—With the mystery surrounding the disappearance at midnight Oct. 14 of J. Howard Jayne, ex-legislator and prominent Monmouth business man, still unsolved, his wife, Mrs. Lynette Jayne, prepared today to broadcast by radio a description of her husband in the faint hope of obtaining a clue. At the same time Mrs. Jayne issued an "appeal" through the press to her husband to communicate with her should he still be alive. Her message is intended, she said, to assure him she is disregarding reports circulated that his disappearance was caused by domestic trouble.

Mrs. Jayne reiterated today her firm belief that business worry and only that is responsible for her husband's absence. She still clings to the theory that Mr. Jayne's disappearance was prearranged with certain officials of his two firms, the Monmouth Stone company and the Western Boiler Pipe company.

**Concerns Are Reorganized.**

Mr. Jayne was induced to leave temporarily, she believes, so that the companies might be reorganized. To prove her argument she points to the ousting yesterday of Jayne as president of the stone company and the selection of George S. Tracey, Burlington capitalist, in his stead.

Jayne's associates deny any collusion and insist they are totally in the dark as to his whereabouts.

Circumstances surrounding a journey of Mrs. Jayne to Davenport, Ia., on the day her husband disappeared are pointed to by some.

Mr. Jayne's alleged interest in a young woman, a supposed attempt of the girl to borrow \$100 of Jayne to open a business, Mrs. Jayne's trip, during which she saw the girl, and the reported substance of her telephone call back to Jayne thirty minutes before his departure all figure in the story.

**Wife Denies Girl Affair.**

Mrs. Jayne brands any claim of connection with these things and Mr. Jayne's disappearance as false. She denies the girl was mentioned in the telephone call. She charges the story was started deliberately to belittle the real reason for Jayne's disappearance and to blacken his character.

"This girl is absolutely innocent," said Mrs. Jayne. "There is no earthly reason for dragging her in. We are the best of friends. I never dreamed of being jealous of her. This is an attempt to divert attention from certain men connected with my husband's business."

## SCHWARTZ TURNS NEW LIGHT UPON EXPERTS' STATUS

Weren't Regarded as Full  
Time Employees.

BY OSCAR HEWITT.

Ald. U. S. Schwartz made an affidavit yesterday which forecasts a re-opening of the case by which the five city experts escaped federal income taxes of about \$2,000,000 in fees which they have collected from the city. The Schwartz affidavit is a direct and defiant challenge to the experts and their sponsor, Michael J. Faherty, president of the board of local improvements.

This was a preliminary to the adoption today of a resolution by the city council demanding that the case be reopened and reversed. Perhaps the Thompson-Landin followers in the city council will attempt to block the passage of the resolution, but it is believed that it will pass with votes to spare.

**Springs Surprise Attack.** Schwartz in his affidavit springs a surprise attack on Faherty and the experts. He discloses information which the affidavits of Faherty and the experts evidently suppressed.

The alderman says that the council finance committee desired to make the city experts regular employees of the municipality, but that Faherty and his lawyers so strenuously objected that the plan was abandoned. Yet Faherty and the experts represented to the government in their affidavits that the experts are city employees and because of that claim Internal Revenue Solicitor Mays gave an opinion that the experts are exempt from income taxes.

When the matter of compensation and employment of these experts was considered by the finance committee with the president of the board of local improvements or with the attorney representing the board, reads the Schwartz affidavit, "members of the finance committee, including myself, Ald. Woodhull, Ald. Richert, and Ald. Guernsey, repeatedly suggested that the high cost of expiring might be reduced by having the appraisers work under the direction of the board of local improvements as regular city employees on a month or annual salary basis, or that all of these experts be put in one department to render all of the expert services of the city."

**Clas Faherty's Objection.** "These suggestions were invariably

Mr. and Mrs. Louis F. Soucille.

Mr. and Mrs. Louis F. Soucille of 1249 Oakdale avenue recently celebrated their 50th wedding anniversary with a surprise party given them at their home by six of their seven children and their families, together with a brother of Mrs. Soucille, C. N. Dean of Harvey, Ill. Mr. Soucille was born in Quebec, Canada, May 1, 1847 and Mrs. Soucille was born in New Lebanon, N. Y., Aug. 10, 1848. The couple were married in Caroga, N. Y., and came to Chicago in 1872, and have resided here since.

met with the conclusive objection on the part of the president of the board of local improvements or his attorney that such plans would result in the experts being considered and regarded as employees of the city, and their appraisal and their testimony in court would be of much less value than if they served their integrity as intelligent outside appraisers of unbiased judgment not subject to the control, direction or influence of the city or its officials. We were compelled to abandon the idea in the face of this objection.

"It was never the thought of any member of the finance committee that these men were regarded as employees of the city of Chicago. We all knew that they maintained their own offices."

## S. WATER STREET OWNERS PROTEST BIG ASSESSMENT

Through the citizens' committee on the South Water street improvement, representing nearly \$4,000,000 of special assessments, an appeal was made direct to Mayor Thompson yesterday to correct what the property owners believe is a "glaring injustice in the levying of the assessment."

It is understood that the appeal was made direct to the mayor because the conflicting claims of Michael J. Faherty, president of the board of local improvements, and Corporation Counsel Etzelson for control of the South Water street litigation are now before the state Supreme court. Mr. Faherty, through the commissioners' report, is on record in favor of making the property owners in the assessed district pay the entire \$11,000,000 for the land and buildings to be taken or damaged.

**Mayor to Overrule Faherty.** Rumors are current that Mayor Thompson is prepared to overrule Mr. Faherty and to direct the city's attorneys to make no objections to a "reasonable" public benefit when demand is made in court by the 200-odd attorneys representing objectors.

In its letter, signed by Howard G. Grey, chairman, the committee points out that the South Water street improvement is the first of the important Chicago plan projects which the city has undertaken to put through as a purely local improvement. In the Ogden avenue improvement, 66 per cent of the cost was paid by the city generally. In the case of 12th street, more than 50 per cent of the cost is being paid through a public benefit.

"In our opinion the city should contribute toward the cost of this improvement a sum at least equal to that paid by it in the widening of Ogden ave-

due," the letter to the mayor says. "It is inconceivable that the city as a whole will not be benefited substantially by the proposed improvement."

**"Assessed District Too Small."** Another paragraph reads: "Obviously the assessed district is

too small and much benefited property has been omitted from the assessment roll. The district should extend south of 12th street and north of North avenue and a larger area on the west side should be included in the assessment roll."

## Thirty Cents a Day Will Bring You \$1,000

**B**Y saving only thirty cents a day you will receive at the end of ten years \$1,000, and in the meantime your life will be insured for the same amount under our Savings and Life Insurance Plan.

Suppose you are 30 years old. You open a Savings and Life Insurance account with a deposit of \$8.60, which represents saving less than thirty cents a day for one month.

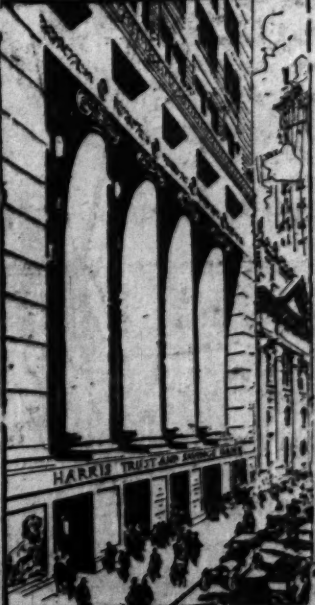

You deposit \$8.60 each month for 120 months, when you will receive over \$1,000 in cash. If you do not live to complete your deposits, the insurance company agrees to pay your beneficiary \$1,000 and the Bank will pay the balance in the savings account. At the end of the eighth year, for example, the total amount received by your beneficiary in case of death would be over \$1,685.

Should you be totally and permanently disabled, the insurance company agrees to pay you \$10.00 a month for the rest of your life; you would not have to make any more deposits, and when you die your heirs would receive the full face amount of your policy just the same. The rates vary according to your age, and you may save any amount from \$1,000 to \$25,000 by depositing a proportionately larger amount monthly.

Mandel Brothers' November Coat Sale

800 women's and misses' fur-trimmed coats, capes, wraps  
—season's smartest styles, greatest values: 79.50 and 89.50

From makers who specialize in high grade coats and wraps we secured these superior garments at concessions that enable us now to offer you fabric and fur quality superior to any you have seen at anywhere near the prices. The hundreds of discriminating women who have waited for this occasion to buy

their winter wraps will appreciate the advantages it presents, when they see the smart styles, rich fabrics, luxurious fur adornment and superb hand tailoring.

Coats of panvelaine, minerva,  
velvetex, cordelaine, mandalay,  
pollyahna, in superb qualities

Rich, all-wool, pile fabrics that afford warmth without excessive weight fashion these coats. They are available in the colors which the fashionable have accorded high favor.

Coats fur-trimmed with  
caracul, fox, wolf, squirrel,  
beaver and kolinsky

—the furs most fashionable this season—selected for quality and to blend harmoniously with the coats and wraps they adorn. They add a touch of luxury that greatly enhances the charm of the models.

## The hand tailoring

of these coats—with all it signifies in smart lines, superior finish and shape-retaining qualities—is the work of consummate masters of their craft.

Forty superb models—  
semi-fitted, bloused and  
wrappy styles, cape effects,  
and straightline types

All the types favored of fashion are represented in the two featured groups, and in so many variations that you readily may choose a model becoming to you, in the material and color of your preference. Every coat, cape and wrap is silk-lined throughout with crepe or peau de cygne, and warmly interlined.

## BEAUTY ANSWERS

BY ANTOINETTE DONNELLY.

**WATSON:** I WOULD NOT SEND her a corsage for her evening dress unless you ask her about it first. Because some girls do not like to have to wear one for fear of staining delicate chiffon. Why not instead your compliment to her beauty in flowers which she may wear or keep in a vase, just as she chooses.

**S. S. STOMACH TROUBLES:** INDigestion, do reflect their disturbing character in the face, to be sure. You cannot look clean and wholesome on the exterior if the groundwork is not kept in good condition. Blackheads are sometimes aggravated into pimples by the unclean blood of the system. If you have any skin troubles look for the reason in your food and the poor digestion of it, neglect of daily evacuation, and carelessness about bathing. It is not always so, but in recurrent cases of acne and pimples and blackheads the trouble is often only remedied from within. I have a pamphlet for you which covers this topic clearly and has valuable hints for you on how to have a lovely, clear complexion.

## Bright Cross Stitch Trims This School Dress of Serge

by *Crimine Love*

NEW YORK.—(Special Correspondence.)—Every Crossstitch cheers up perceptibly at the sight of cross stitch. This type of trimming, long favored for the child's frock, retains this year all of its old authority, and on the simple, but costly models displayed at certain of our children's specialty shops we find this traditional handwork preferred over more novel motifs of adornment.

In today's model the charming little blue serge dress for school wear is trimmed with cross stitch in red, yellow, and green. Children's clothes always sensitive to the details of adult fashions, show just now many yoke effects, and this detail is found here traced straight across the back. Its break in front is most effective, especially when combined with the square neck, just now exceedingly favored in juvenile modes.

The border is another feature of grown up dressing borrowed by the youngster.

Sunday fashion page will be found in the New Color Section.

## DAILY HOROSCOPE

*Doris Blake Says:*

TODAY IS LUCKY FOR THE FIGHTER.

Mars and Neptune, the ruling planets for today, are in square and, consequently, the events of the day should prove happy. It is a way in which to push all important affairs, social and financial. If you have a fight to make, go to it, providing the cause is just and righteous. If you have a bridge to cross, cross it. The militant Mars stands back of you. "Be careful of fires and thieves." Is the warning issued those whose birth date this is. "Nor speculate and risk your money." This is a year for you to be on your guard. Yours is a mixed character, hard to delineate, because so complex. You are moody and impressionable. You are capable in business, far-seeing and honorable. You are fond of travel and yet are discontented without the comforts of home, which you love. You are exceedingly interested in the supernatural, and anything that pertains to it attracts and fascinates you, like the moth and the flame. You are not overly affectionate, and yet you crave the deep affection from others.

## He'll Soon Show It.

"Dear Miss Blake: I am a girl of 17 and have just met a young fellow whom I like very much. Will you please tell me how I can tell whether he likes me or not?"

You will have to give him time, Carrie, to let his own spirit unfold. If he likes you, you will not be long in doubt, but there's no use courting disappointment in case he does not.

Yours truly, Doris Blake.

Keep Looking Young

It's Easy—If You Know Dr. Edwards' Olive Tablets.

The secret of keeping young is to keep your bowels regular. There's no need of having a sallow complexion—dark rings under your eyes—full lips with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards' Olive Tablets, the substitute for cod liver oil, are gentle in their action yet always effective. They bring about the natural buoyancy, which should enjoy by tuning up the liver and clearing the system of impurities. Dr. Edwards' Olive Tablets are known by their olive color. 35c and 50c. In a spectacular jam featured by great riding the team of Ernest ("Hy") Kockler of Chicago and Alfred Goulet of Newark gained a lap on the field last night in the six day bicycling race at the Coliseum. Referee Kramer awarded the lap because of perfect pickups while the rest of the field made mass pickups, which had been warned against.

Shortly after the night sprint started, the jamming started. First one team and then another made a bid for a lap. About 11:40 Goulet suddenly shot out of the bunch, and before the others could settle down and ride he had gained nearly half a lap. Kockler, who had been expecting the attempt, was riding clear on the backstretch when his partner came around. Goulet pulled up on even terms and topped Kockler, who let go with a sliding pace and after three circuits touched Goulet.

Crowd Greets Fast. In the meantime relief riders got on the track, but Goulet and Kockler still managed to worm their way through. Referee Kramer's decision awarding the lap met with a burst of applause from the largest crowd of the race.

During the jam, Bobby Walther and Fred Hill tried to cling to the leaders' pace, but failed and now trail them by two laps. Coburn and Landa also tried hard to stay with Goulet and Kockler, as did Eddie Madden and Fred Spencer. The jam lasted about fifteen minutes.

Earlier in the night Frank Corry of Australia and Lawrence Gaffney of Brooklyn went into the lead in points by scoring heavily in the afternoon and night sprints. Goulet and Kockler were close seconds in the point column and Greene and Stockholm third.

Hill and Eckman Spill. Yesterday's racing was featured by great efforts of Bobby Walther and Fred Hill to pick up the lap they were penalized when their original partners quit the race.

At the close of the last night sprint Hill and Eckman had a bad spill on the back stretch and sustained a complete somersault, but was not badly hurt. Decker was thrown against a post and carried from the track. After race, Eckman was taken to the hospital and is expected to be out of the race.

Carl Stockholm, riding mate of Alfred Grende, is showing improvement. He is one of the fastest riders in the race and last night was tipped at the tape in the seventh sprint by Gaffney in one of the fastest times yet. Kockler is showing to fine advantage and the doers still favor the Chicago milkman and Goulet to win the race.

Ladies' Day Today. It will be ladies' day at the race this afternoon and women will be admitted free. The city council will be on hand for the sprints, which will be held at 4 o'clock instead of an hour earlier in order to allow time to reach the building. Members of the Elks will turn out tonight to cheer Alfred Goulet, and William J. Sinek, exalted ruler, intends to have 500 on hand.

BEARS AND CARDS  
DRILL HARD FOR  
STIFF PRO GAMES

With two of the most promising games of the national professional football league's season scheduled for Sunday, training activities in the camps of the Chicago Cardinals, who will mix with the Buffalo All-Americans at Comiskey park, and of the Chicago Bears, who will come to play at the Dayton Triangles, are being carried on strenuously this week.

The Bears are being put through three hours of stiff drill every day by Coach Halas and Sternaman. In meeting with the Dayton Triangles, the Bears will tackle one of the stiffest pro teams in the territory.

Fuddy Driscoll's Cardinals are a practically all Chicago eleven, all but three of the men hailing from Chicago, where they reaped their grid knowledge. Buffalo is bringing a formidable array of talent headed by Hughtis, quarter, formerly of Michigan, and Urban, Boston college. Anderson, an ex-Dartmouth man, will work at half and is a star. Urban will work in the back field, teaming with Hughtis in the passing.

PRESENT TROPHES AT  
ANNUAL BANQUET OF  
MUNICIPAL GOLF ASS'N

THE annual dinner of the Cook County Municipal Golf association held last night at the Traffic club brought out a representative attendance of members from clubs playing on the public courses. Prizes won during the year were presented by President Robert W. McKinley, the championship going to James C. Fee of Evanston Community club, who also won an individual medal. The team trophy went to the Lincoln Park club for the second year, the players being A. K. O. Cochrane, George Hackl Jr., Walter Crowder, and Dave O'Connor.

Among the speakers were A. T. Packard, Chief Forester Ransom F. Kennick, John T. Samuelson, Secretary R. J. Wallace, and Robert W. McKinley.

McKinley conveyed the welcome news that eighteen holes would be ready at Palos Hills by next season. Commissioner McKinley, once a lone fighter on the board for the cause of golf, said that a different feeling now existed and that a majority of the present commissioners favored more golf courses. The prize winners were McKinley trophy—Evanston of the team championship of the association, was for the second time by Lincoln Park. Team members were A. K. O. SKI BOUT HOLDS UP  
JACK'S EUROPEAN TRIP

Decisions of The Tribune boxing representatives last night were: At New York—Floyd Johnson knocked out Joe Vidas, (12). At Boston—Mickey Travers beat Chick Suggs, (12).

BY HUGH FULLERTON. Jack Kearns, manager of Champion Jack Dempsey, who is in Chicago awaiting the arrival of the white heavyweight champion here tomorrow, announced yesterday that he has suspended all plans for the European trip of Dempsey this fall until the Senegalese conqueror of Dempsey, is coming to the United States.

Kearns had arranged for a tour of Europe and had received an offer from a London syndicate for a match between Dempsey and the winner of the Joe Beckett-Siki match.

If Siki should beat Beckett and comes to the United States Dempsey will cancel the trip to Europe. If Beckett should beat the Senegalese, Dempsey will proceed immediately to London and grab the slot money.

Dempsey, who has been visiting his father in Virginia, will reach Chicago late today or early tomorrow morning and after a short tour will proceed to Omaha to fill a vaudeville engagement.

RICKARD SEEKS JACK BY HARRY NEWMAN. New York, Oct. 31.—[Special.]—Tex Rickard is trying to get into communication with Jack Dempsey, who is off on a touring trip with a theatrical troupe. The big promoter is anxious to find out how Dempsey feels concerning a title match with Tom Gibbons.

From an authoritative source it was learned today that Billy Muldoon, chairman of the boxing board here, is not averse to having Dempsey meet some good man in the garden or at any other local club. As a matter of fact, Muldoon was quoted as saying that perhaps it would be better to have Gibbons meet Bill Brennan and whoever should be returned the winner in that proposed bout might be selected as Dempsey's next sparring mate.

FLOYD JOHNSON KAYOS JOE VIDAS IN SECOND ROUND New York, Oct. 31.—Floyd Johnson, the Iowa state heavyweight, tonight knocked out Joe Vidas of Philadelphia in the second round of a ten round match. Johnson outclassed his opponent from the start and landed the finishing blow after minutes and thirty seconds of the second round. Both entered the ring weighing 195.

## Cannon Under Fire

Robert Cannefax of New York in twice defeating Clarence Jackson in their Interstate league games equaled the season's low mark of 32 innings made by Harry Wakenfield of Milwaukee. This feat came in the afternoon game, Cannefax winning, 50 to 38. Cannefax had a chance to break the record of 30 innings when he had 49 points in 29 innings, but was stopped by a kiss-off. Jackson had high run of 9. Cannefax getting three 6s.

Cannefax took the night game, 50 to 49, in 61 innings, his high run being 6. Jackson getting a 4. The score was tied at 48 and Jackson then ran 3, but got no further.

PADDEN, FIRST FIELD CAPTAIN OF SOX, IS DEAD Dick Padden, first field leader of the Chicago White Sox, and famous as an infielder with the St. Louis Browns and the Pittsburgh Pirates, died yesterday at his home in Martins Ferry, O., of apoplexy.

Padden was the first captain of the White Sox. He had been captain and leader of Comiskey's St. Paul team in the Western league, and when Comiskey decided to invade Chicago, Padden came with him at the head of the team. He was extremely popular and was recognized as one of the smartest of ball players twenty-two years ago.

After his retirement from baseball, following a managerial career in the American association, Padden engaged in business in his home town of Martins Ferry and was active in politics.

SARAZEN FREED IN AUTO DEATH White Plains, N. Y., Oct. 31.—Gene Sarazen, American open golf champion, was exonerated of all blame by Coroner Fitzgerald in connection with the death Sunday of Luke Robinson of White Plains, after being struck by Sarazen's automobile. The coroner decided that Robinson's death was accidental after witnesses testified Sarazen made every effort to avoid hitting the man, driving his machine into a tree.

MAUPOME, MOORE  
DIVIDE NATIONAL  
BILLIARD GAMES

BY JOE DAVIS. (Picture on back page.) George Moore of New York, former world's three cushion champion, and Pierre Maupome broke even in their two Interstate league games at Mussey's yesterday. The Chicago player won the afternoon session, 50 to 39, in sixty-six innings, and at night the Gotham star, giving a sound display of attack and defense, won, 50 to 40, in fifty innings.

Maupome had the heavier artillery in the afternoon, getting a run of 5, two of 4, and six 3's, while Moore had a lone 3 for high. They went on even terms for thirty innings, and then Maupome, after a 3 in the thirtieth inning, followed with runs of 3, 3, 4, and 2, netting 44 points in fifty-one innings. He then required fifteen more trials to reach his goal. Score at each tenth inning: MAUPOME—1 12 15 25 30 35 38 40—Innings, 65. MOORE—4 12 15 25 30 35 38 40—Innings, 65.

ALE-ASKS IOWA  
BACK AGAIN; BAN  
ON TRIPS SPIKED

## TIGERS-MAROONS AGAIN?

"WE are willing to continue football relations with Princeton," Athletic Director A. A. Stagg of the University of Chicago said last night when told of the proposed 1933 Yale-Iowa game. In view of conflicting reports regarding the Yale, Princeton, and Harvard agreement, I would not care to take the lead in arranging for future contests. But if the proposal should come from Princeton we would give it every consideration," he continued.

This attitude on the part of Athletic Director Stagg is taken to mean that there is no feeling in Big Ten official quarters against such intercollegiate contests, if played during the regular season.

New Haven, Conn., Oct. 31.—[Special.]—Intersectional football, with the "Big Three"—Yale, Princeton, and Harvard—participating, may continue as the result of an invitation which has been issued by Yale to the University of Iowa to play another game in the bowl next fall.

Yale athletic authorities sent the invitation for the 1933 game to the Hawkeyes shortly last Saturday and expect an answer within a day or two. No definite date for it to be played at Yale is in the air as yet, but it is expected that the game will be played at the same time as the one of this season.

Eastern football authorities tonight took the invitation to mean that the so-called "triangular agreement" made last year by Yale, Princeton, and Harvard does not have to do with any agreement concerning the playing of regular football season. It was made mainly to bar post-season games, it is feeling here.

Yale anxious to play Iowa. "We are very anxious to meet Iowa next year and are hoping that they will accept our invitation," Fred W. Mendell, chairman of the Yale board of athletic control, said tonight. "There have been reports that the western conference has barred intersectional games, but inasmuch as we haven't received any confirmation of this, we are inviting Iowa to play here again."

Capt. Jones of the Yale team also expressed a hope that Iowa would return here again next season. A careful reading of the clauses in the so-called "triangular agreement" does not bear out the impression which appears to have prevailed in certain quarters that teams representing the Big Three are prohibited from playing intersectional contests.

Bar Post-Season Games. "The agreement, which goes into effect Jan. 1, was made to prevent post-season games and to stop contests which involve long trips on the part of the teams of the three universities," Mendell continued. "The agreement forbids long trips away from home, but there is nothing in it to forbid our playing teams from other sections if they come to visit us or do involve long absences from classes. I feel confident that both Harvard and Princeton will make the same interpretation of the agreement."

Howard Jones Silent.

Iowa City, Ia., Oct. 31.—[Special.]—While Michigan's athletic director Howard Jones of Iowa University said that as yet he had not received a formal invitation from Yale inviting Iowa to play at New Haven next fall.

Upon being asked as to what attitude the Hawkeye institution would take in regard to the invitation which is said to be forthcoming, Coach Jones was not willing to commit himself or his institution to any action due to the resolution passed last year in the western conference suggesting the abandonment of intersectional games.

AT THE FOOTBALL CAMPS

IOWA CITY, Ia., Oct. 31.—[Special.]—Still "running on intermediate" between the last game against Purdue last Saturday and actual preparation for the hard game expected with Minnesota, Coach Jones sent his men through signal drill tonight with light scrimmage from pass formation. Shuttleworth has developed an unexplained injury as shown back from the Bollinger contest, and his place at half was taken by Thom. Hancock was moved back to first team, playing tackle and in practice. Locke continues to alternate with Parkin in plotting crew. Real work is slated to begin tomorrow, when it is expected correct practice will be resumed.

J. S. STEEL NEEDS  
COIN OF SURPLUS  
TO PAY DIVIDEND

By O. A. MATHER.

Superficially at least, today's two principal items of financial news were disappointing. The earnings statement of the United States Steel corporation for the three months ended Sept. 30, showed the failure to earn the full dividend on the common stock. The directors of the Studebaker corporation declared only the regular quarterly dividend on the common stock, thereby failing to pay the extra of 18 per cent declared in July. Analysis of both items, however, is likely to mitigate any disappointment.

The steel corporation's statement, showing net earnings of \$27,483,339 compared with \$27,588,945 in the preceding quarter, covers the worst period of the coal and rail strikes and is no reflection of the demand for steel or of general business conditions.

**85 Cents of Common Earned.**  
Net income for the quarter was \$15,373,341, equivalent to 85 cents of the \$100 common dividend, compared with \$15,313,113, or 96 cents on the common stock, in the preceding quarter. The directors yesterday, however, declared the regular dividends of 18 per cent on the preferred and 14 per cent on the common, totaling \$1,352,662 from surplus to make the payment. The deficit in the preceding quarter was \$1,621,345. Net earnings for the third quarter of 1921 were \$18,918,658, and for the first quarter of this year \$19,313,935.

September was the hard month of the quarter, with net earnings of only \$7,737,731, compared with \$11,254,069 in August and \$10,544,672 in July. The August figure, excepting for June, was larger by nearly \$2,000,000 than in any month since January, 1921; but the September figure was the smallest since last February. In August, with fuel supplies at the danger point and no assurance of a settlement of the coal strike, steel mill operations were reduced and the reduced shipments of September were the consequence.

**Studebaker Is Cautious.**  
Failure of the Studebaker directors to continue extra payments was ascribed to a desire to observe caution until next year's business and competition conditions can be better gauged. The earnings statement for the third quarter, published yesterday, showed the peak was reached in the second quarter, with a decline thereafter. Wall street is inclined to believe Studebaker stockholders will receive another extra dividend before spring if business shapes satisfactorily. On the basis of a fair business in the final quarter and known earnings for the first three quarters, total net earnings are expected to be around \$20,000,000, or about 20 per cent on the \$100,000 common stock.

In the quarterly earnings statement appearing in *The Tribune* yesterday a typographical error made it appear that \$2,199 were sold, whereas the correct figure was \$2,199 cars sold.

**Other Business Improves.**  
Improvement in the mail order business and the leather industry was again evident in the earnings statements given out yesterday. Sales of Montgomery Ward & Co. for October were \$10,288,916, compared with \$7,088,584 in August, and \$7,044,051 in October, 1921. This is an increase of 45.1 per cent over August and of 53.1 per cent over October last year. Sales for the ten months ended yesterday were \$69,841,140, compared with \$60,464 for the same period last year, an increase of 14.59 per cent.

The American Hide and Leather company for the quarter ended Sept. 30 reports net profits, after charges and taxes, of \$268,209, equivalent to \$2.18 a share on the \$125.00 common stock. This compares with a deficit of \$12,204 in the second quarter and a profit of \$200,880, or \$1.60 a share, for the third quarter of 1921.

JERSEY FIGHT  
A CRUCIAL TEST  
FOR PROHIBITION

"Dry-Wet" Edwards  
Battles "Wet-Dry"

BY ARTHUR SEARS HEN  
Trenton, N. J., Nov. 1.—(Up  
Wets and drys are engaged in  
a fierce conflict in this state  
question of a light wine and  
of national interest and im  
of beer and wine win Gov.  
I. Edwards, Democrat, will  
United States senate to lead  
ment for the liberalization of  
hibition law and for enactment  
of the prohibition amendmen  
If beer and wine lose in a  
wet that it was the last to  
prohibition amendment, and  
after it had become law, th  
will be heralded by the drys  
of prohibition in the  
of its foes.

Frelinghuysen Harding's  
The issue features the  
election, in which Senator J  
Frelinghuysen, Republican, m  
crony of President Harding, a  
pion of prohibition, is seekin  
tion to a second term.

The contest appears to be  
one, and the result in doub  
time. For weeks the Repub  
icans have regarded Freling  
good as defeated, but of late  
pects have improved materi  
he now is believed to stand  
chance of pulling through.

One learns that the  
prohibition question, pure  
abstract principle, with  
prohibited, taxes and prohib  
not been permitted to figure.  
ample, Gov. Edwards, the ar  
prohibition whose friends  
that he would make the Unite  
as wet as the Atlantic if  
a chance, is a church vestry  
a legislator. It's the princip  
liberty he contends for.

Relishes His Cocktails  
Likewise Senator Frelinghu  
sword and buckler of the too  
is reputed, without denial, to  
a cellar that would water the  
a gourmet and likewise is re  
old naught to any one in li  
of a cocktail. With him it is  
tion of moral principle as disti  
from the gross, material appet  
fish. He told a gathering of  
ministers the other day that  
for the eighteenth amendme  
cause of its economic worth  
United States.

The little matter of the sen  
noted personal—oh, entirely  
—fondness for bottled sunshin  
to have outdressed upon  
of preachers, a pastor from  
they reported, upon the past  
girl in his Sunday school cl  
Mr. Frelinghuysen once had  
in an intoxicated condition.  
Bishop Berry responded:

"This young woman who  
once to have seen Senator Fr  
ness under the influence of  
mistaken. I know this is a  
lie. It may be that it has been  
so generally in New Jersey  
had a psychological effect on  
woman and to have aided her  
tion so that she thought she  
thing which she did not see."

Leaves Back Edwards  
Edwards has the support  
pretty generally and the fact  
northern Jersey are af  
ardor for the restoration of  
wine. Frelinghuysen is re  
success upon the Republican  
tion, the farmers, busin  
church workers, the Anti-Sal  
and all the drys, particu  
women.

Frelinghuysen pictures the

Verdun of prohibition," an  
Edwards of subservency  
Hague, the Democratic home  
county. This is the way  
matter to the ministers.

"Edwards has stated he  
the enforcement of the law  
work for an amendment to  
hibition law so that light wine  
can be sold in grocery stor  
trying to humbug the people  
that the Volstead act can be  
to permit the sale of light  
beers. It cannot be amend  
and beers are intoxicating."

Ministers Amen States  
One or two ministers utt
